

Manufacturer's Certification Statement for Energy Efficient Home Improvement Credit (IRS Section 25C)

This statement certifies that the insulation material/system described below is an "Eligible Building Envelope Component" as defined under Internal Revenue Code Section 25C, qualifying for the Energy Efficient Home Improvement Credit.

Item	Details
------	---------

Manufacturer Name & Address	AZ Foam Systems 1022 S Euclid Ave Tucson, AZ 85718
--	--

Product Identification	Type: Closed-cell spray foam insulation Make/Model: AFS-CC220
-------------------------------	--

Qualifying Criteria	This product is specifically and primarily designed to reduce heat loss or gain in a home and meets or exceeds the criteria established by the International Energy Conservation Code (IECC) as in effect on January 1, 2021 (applicable for installations in 2024).
----------------------------	---

Expected Lifespan	The component is reasonably expected to remain in use for at least five years.
--------------------------	--

Declaration

Under penalties of perjury, I declare that I have examined this certification, including accompanying documents, and to the best of my knowledge and belief, the facts presented in support of this certification are true, correct, and complete.

Instructions for Tax Filer:

Please **keep this statement and your itemized invoice for your personal tax records**. You do not need to attach it to your tax return when you file Form 5695. The invoice should clearly separate the cost of the *insulation material* from the *labor* costs, as only the material costs (up to the \$1,200 annual limit) are eligible for this specific credit
