TYPEFACES & SIZE CHART

Choosing a typeface. While we do have hundreds of type faces in our library, we recommend you choose a typeface from the list below. Time and experience have shown that these typefaces, along with the guidelines featured in the samples, will produce a good, legible imprint. Type faces are displayed in 12 point type except where noted.

These faces are available in bold, italic, and bold italic. Please specify on order form.

For readability we recommend these faces in 14 point or larger and in upper and lower case.

TRADITIONAL HAND STAMPS

Traditional Rubber Stamps are mounted on top-quality hardwood mouldings and can be used where an inexpensive, repetitive image is needed. While almost any image can be reproduced on a stamp die, we have provided examples of some of the more popular layouts. For ordering simplicity use the easy order form found in the back of this catalog. Indicate the layout of your choice along with the typestyle and size. Stamps can be made in a verity of sizes. See chart on the next page.

SAFETMARK FIRE SAFE SIGNS

The ideal choice for control panels, industrial equipment, identification and electrical tags. Compare to Norplex, Lamacoid, Melamine and other phenolic materials. SAFETMARK is electrically non-conductive, insulative, fire retardant, non-flammable. Meets 10¹² Ohms/ square meter or higher in electrical resistivity, UL94 V0, RoHS compliant (halogen-free), PVC-free, Formaldehyde and Phenol free.

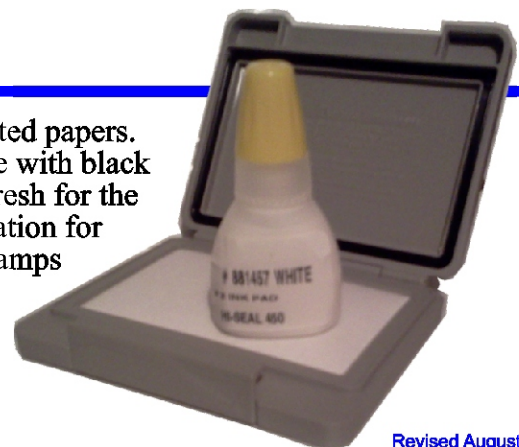

STENCILS

Our custom stencils are very adaptable for use on virtually any interior or exterior surface - walls, floors, poles, pavement, grass, mailboxes, etc. Laser cut on .015 inch mylar plastic, these stencils can be used with any type paint. they are washable (solvent proof) for use over and over. Semi-transparent for easy positioning.

ARTLINE HI-seal STAMP PAD

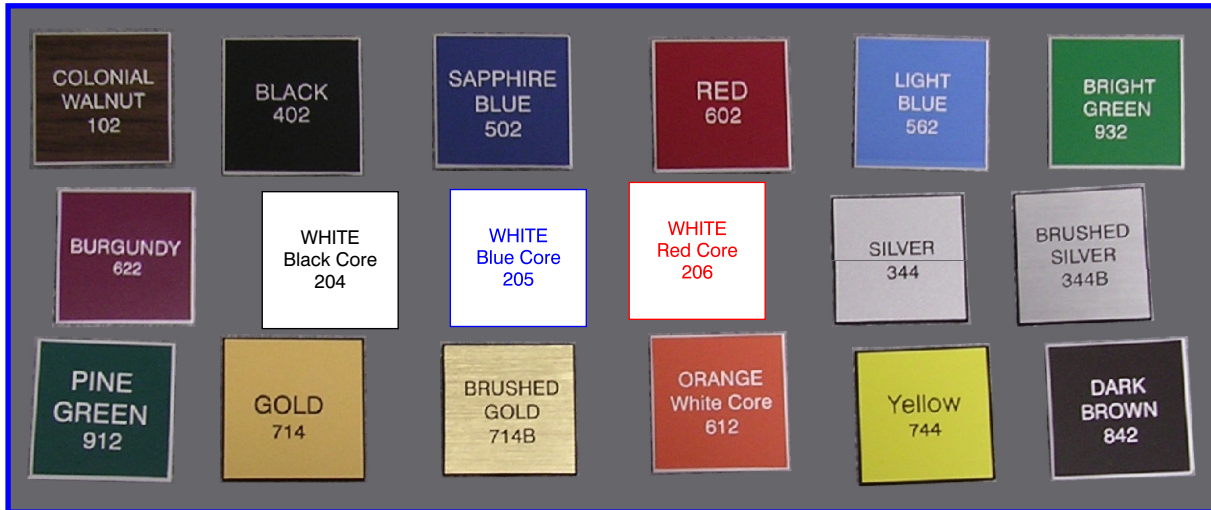

Perfect for stamping on metal, plastic, cloth, leather and coated papers. Re-inkable air tight stamp pad for Quick Dry Ink. Available with black or white ink the HI-seal pad will keep your fast drying ink fresh for the next time you need it. This industrial pad is our recommendation for use with peg stamps, Rib Type, and any of the numbering stamps shown on the opposite page.

NAMETAGS ~ NAMEPLATES ~ SIGNS

MATERIAL SPECIFICATIONS Our signs and nametags are engraved on a non-glare 1/16" thick micro-surfaced flexible plastic. For an additional charge, artwork and logos can be added to name tags and signs. Signs are intended for interior use only and are not recommended for outdoor use.

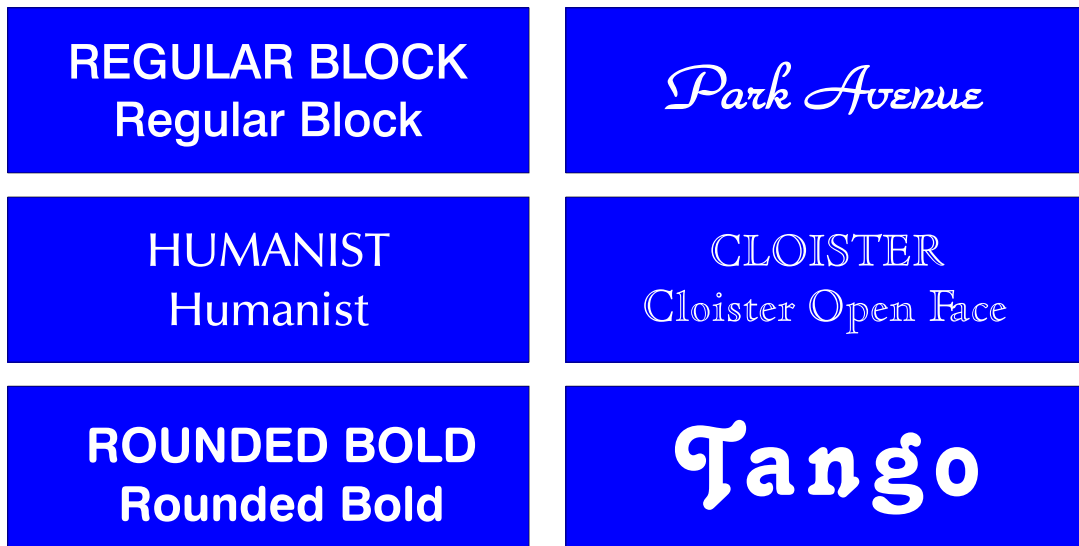

Available color combinations

Ask about other color combinations that might be in stock, or can be special ordered for an additional charge.

TYPE STYLES FOR ENGRAVED SIGNS

While we do have hundreds of typefaces available in our library, we recommend that you choose one of the typeface samples shown below. Time and experience have shown that these popular typefaces will produce the best quality signs. Ask about other color combinations that might be in stock, or can be special ordered for an additional charge.

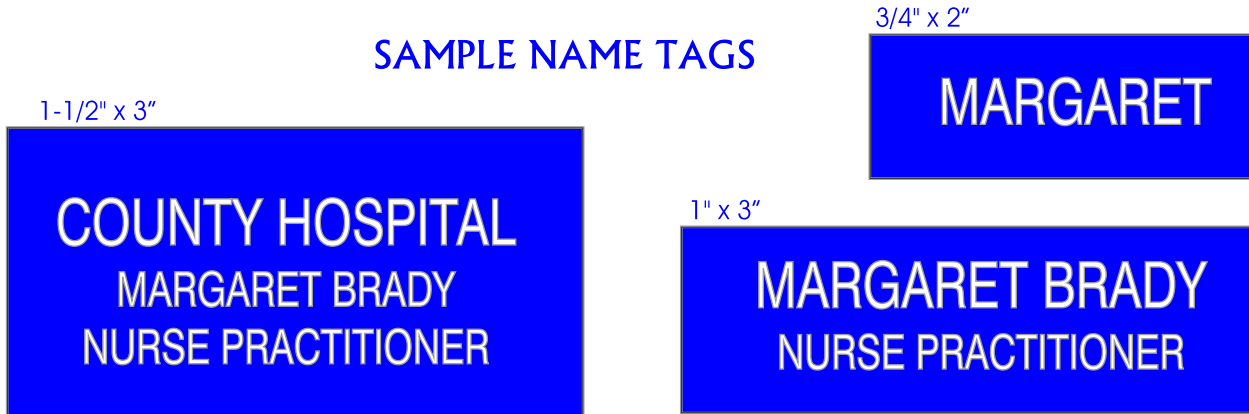

ORDERING INSTRUCTIONS When ordering please print copy exactly as you want it to appear on the finished sign or nametag. Mark on the order form the type style, height of type, and specify if the copy is to be upper and lower case or all capital letters. If you wish to match an existing sign, please include a sample of the sign with your order.

NAME TAGS ENGRAVED

Our nametags are available in all of the color combinations shown below. The standard size for a oneline or two-line nametag is 1" x 3", but tags can range in size from 3/4" x 2" up to 1-1/2" x 3-1/2". Each tag comes with square corners and either a safety pin back, alligator clip or a military clutch back. Rounded corners, pocket inserts, and magnetic backs are available for an added charge. Add your company logo to your name badge for that distinctive look.
