

Calvary's Prayer List

July 21, 2021

2 Chronicles 7:14

If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land.

NEW/UPDATED

[Gary] Please pray for my sister's dad, Arden P. He has bladder cancer and may not be long for this world. He is home from the hospital but continue to pray for his salvation. (7/21)

[Gary] Regina M is my old store manager from TN. She is in her 80's and is about to have some pretty heavy-duty knee surgery. She is saved, so there is no concern for that. But pray that God will guide the surgeon's hand and see her safely through the operation. (7/21)

[Gary] Charlie P will be having an MRI on the 28th, and meeting with his team of doctors soon after that. Please pray that his condition will heal and that no more surgeries will be needed so that he can resume his normal life and go back to work. He is a Christian. (7/21)

ON-GOING

[Betty Ann] Please pray for Frankie as he gets his test results back today. It doesn't look good. We appreciate your prayers. (7/7)

[Betty Ann] Please pray for a little girl named Addison. Her hemoglobin is very, very low. She is in the pediatric ICU in NJ getting blood transfusions and testing to find out the cause. My high school friend is asking for prayer for her. (6/30)

[Betty Ann] George Riddell Jr. stepped down from his church. Pray for him as he battles with melanoma of the shoulder and neck. (6/2)

[Betty Ann] Please pray for Kim, Billy, Paul, Maribel, Marilyn, Dan, and Dottie for health. (4/28)

[Pastor] Please pray for Richard M. He is a young (30) man going in with a suspicious mass on his brain. This is a friend of Tom Stankus. (7/14)

[Gary] Please pray for my sister's dad, Arden Peterson. He has bladder cancer and may not be long for this world. I'm not sure if he knows the Lord, but please pray that a minister will be able to get into the hospital and give him the gospel, so that he will receive the Lord. (7/14)

[Gary] Please pray for Matthew G, a Muslim coworker at Macy's. Matt has been asking questions about getting saved, and I've tried to answer them and given him some books about Jesus. I feel that he is close and has expressed a thirst for more. (7/11)

[Gary] Patty C will be having surgery on both eyes in the month of August, approximately 2 weeks apart. Please pray that both surgeries are successful, and that healing will be fast and full. (7/7)

[Gary] Mike B – salvation; Talon B – renewed faith or salvation (6/30)

[Gary] Daniel H's mother-in-law, Frances, needs help transitioning to nursing home life. (7/11)

[Gary] Tina M W needs to find a good church and a good Christian man. (7/11)

[Gary] Tom C is in poor health and needs salvation. His wife Debi needs encouragement and salvation. (6/16)

[Gary] Trevor A has family and financial needs. (6/16)

[Gary] Dennis S has cancer and financial needs. (6/16)

[Harry Hafford] A woman by the name of Brenda is in hospice and desires to be baptized. Please pray that this can be accomplished. (6/16)

[Kim A] Could you please pray for my grandson Eden. He has an inguinal hernia and needs surgery. Also, I washed my bathroom floor yesterday and now have crippling back pain. I cannot move or get out of bed. It is due to what's going on autoimmune-wise in my body. My muscles lock up and are very painful. I also have an appointment on Monday with dermatologist to have a biopsy on a small lesion on my torso for sarcoidosis. Praise though Eden weights 7lbs. 5 oz. Thank you so much for your prayers, I appreciate it very much ♥

[Kim O] Jeramy is looking for employment in his chosen field. (7/11)

[Ryan F] Please pray for Savon, a man from our area that I met Tuesday. He just lost his job and has a 20-month-old son to support. Pray for him to trust the Lord for salvation as well as providing of his temporal needs. (7/7)

[Sandy] Please continue to pray for my dad. He's a little better but still weak. Also please pray for my niece Ally - she is pregnant and at high risk due to blood pressure. (4/27)
