To Whom It May Concern:

Please treat this as a recommendation letter for our vendor, **Ofita**, under the leadership of Joe Rodriguez. As the Executive Manager of a company, I know what a dependable vendor means. Quality product lines, knowledgeable employees, and steadfast installation teams are simply a few attributes that can be found in the operations of **Ofita**.

The company is run in a manner where project managers stay involved from start to finish, handling everything from space planning to delivery and installation. Our company, mophie, has been working with them since early 2014 and there has not been a day when we had to complain about their professionalism. They value time and money, evident in their commitment to deliverable dates and competitive pricing plans.

I came to know only recently that they are looking forward to expanding their business and hence, needed a recommendation letter from me. I am extremely satisfied with the way they conduct their business and hope that you have the same pleasant experience.

Yours Sincerely,

A handwritten signature in cursive script that reads 'Suzanne Navarro'.
