CYBERBEAR FEDERAL SOLUTIONS

Technical Expertise. Reliable Procurement.

CyberBear LLC | FEDERAL CAPABILITY STATEMENT

SAM.gov ACTIVE • CAGE 26BS6

Technically informed sourcing, competitive quotes, supplier coordination, and accountable fulfillment for government technology requirements.

CORE COMPETENCIES

- Commercial IT supply: laptops, desktops, workstations, monitors, docks, peripherals, printers, scanners and accessories.
- Network and infrastructure products: switches, wireless hardware, firewalls, servers, storage, racks, UPS units and related components.
- Commercial software and licensing: manufacturer-supported licenses, subscriptions, productivity tools and security products through qualified sources.
- Technical specification review: product-fit checks, compatibility analysis, requirement clarification and suitable-equivalent review where allowed.
- Procurement and fulfillment coordination: distributor quotes, stock and lead-time checks, multi-location shipping, order tracking and delivery records.

DIFFERENTIATORS

- Technical leadership with 10+ years in enterprise IT, architecture, systems integration, and client-facing technology delivery.
- Requirements-oriented sourcing: ability to interpret technical specifications rather than simply match catalog numbers.
- Documented bid-level checks for country of origin, covered telecommunications, manufacturer authorization and other applicable conditions.
- Single-point accountability for inquiry, quote coordination, supplier handoffs and post-award communications.

LEADERSHIP EXPERIENCE

Roland Braelith | Founder, Managing Member & President

Background includes IT management, software architecture, systems integration, vendor coordination, project leadership and client-facing technical delivery across government-related, healthcare, banking, manufacturing and enterprise environments.

LEADERSHIP EXPERIENCE IS DISTINCT FROM CORPORATE PAST PERFORMANCE.
