CYBERBEAR FEDERAL SOLUTIONS

Technical Expertise. Reliable Procurement.

CyberBear LLC | VIRGINIA CAPABILITY STATEMENT

VIRGINIA eVA REGISTERED SUPPLIER • SUP372598

Technically informed sourcing, competitive quotes, supplier coordination, and accountable fulfillment for government technology requirements.

VIRGINIA AGENCY & PUBLIC-SECTOR PROCUREMENT

- End-user devices: laptops, desktops, workstations, monitors, docking stations, accessories, scanners and printers.
- Infrastructure: network components, routers, switches, wireless devices, servers, storage and power protection.
- Commercial software and solutions: application and networking software, security products, licensing and integrated hardware/software offerings.
- Sourcing and quote coordination: specifications, approved-equivalent checks, distributor availability, pricing and anticipated delivery lead times.
- Order-to-delivery support: coordination of direct-to-agency or multi-location shipment where supplier capabilities and purchase terms permit.

WHY WORK WITH CYBERBEAR

- Virginia-based small business with an active eVA supplier registration and confirmed commodity coverage.
- Technical experience to help agencies translate operational requirements into compatible, commercially supportable product choices.
- Supplier and product due diligence built around solicitation terms, country-of-origin rules, warranties and documentation.
- Responsive named point of contact for quotes, order status, change control and delivery coordination.

LEADERSHIP EXPERIENCE

Roland Braelith | Founder, Managing Member & President

Background includes IT management, software architecture, systems integration, vendor coordination, project leadership and client-facing technical delivery across government-related, healthcare, banking, manufacturing and enterprise environments.

LEADERSHIP EXPERIENCE IS DISTINCT FROM CORPORATE PAST PERFORMANCE.
