NOT JUST A DRONE COMPANY

AERIAL PHOTO, VIDEO, DATA

WHY?

Visuals From Above is a SACAA certified RPAS Commercial Operator. Our operations are focused around the built environment but still expand beyond to meet your next level need in drone photography and video data capture.

We are fully licensed, legal, insured, and safe to do business with. With a background in architecture and construction having the experience on the ground and understanding our clients needs we make work easier and life better.

INSURANCE

Saving you time and money and providing you with the edge on your competitors. Gathering data for claims and assuring liability. Property and asset evaluation has never been so efficient and accurate.

REAL-ESTATE

High-end real estate. A visual from above is a fast and efficient way to show your buyer why they would invest in the area. The Money Shot on the next level.

CONSTRUCTION

The next level of assurance in keeping your projects in line and provide liability and communication between all parties in the industry. Making way for safety planning to keep things on track.

ARCHITECTS

MARKETING

Aerial footage is a perfect tool to capture moments that go beyond the day to day visuals used in marketing. We can provide you with next level visuals from products to property and beyond.
