---

**Harborline Marine Services**, was created to meet the growing demand of the country's dynamic shipping industry. First established in Olongapo City on April 2013 as **Portking Marine Integrated Logistics** and recently renamed as **Harborline Marine Services** or **HM\$**, it was envisioned to provide marine services mainly in **Subic Freeport Zone** and **Zambales**. We have since expanded and made connections in various Northern and Southern ports. **HM\$**, thru its owner, **Mr. Jesus Oliver Ignacio**, has a vast knowledge of the shipping business, having more than ten years of experience as attending agent of ship calling Philippine ports from Aparri, Cagayan to Bongao, Tawi Tawi. **Mr. Ignacio** has been an agent for **Petron**, **Oilink(Unioil)**, **Hyatt Terminals(Total and Liguigaz)** in Bataan and **Coastal Storage(PTT, Phoenix, Shell and Micro Dragon)** in Subic Bay. From our humble beginning as ship agency services and logistics provider, we have ventured into fuel and lubricants trading primarily for marine transport. It is during one of these bunkering operations that we have contemplated on the idea of a land - based fuel distribution services, as we have seen the need to fill the shortage of fuel suppliers, especially for independently owned and operated fuel stations around the country.

We have also ventured in providing tug and towage services for ship calling in Batangas as well as supply tug for boat runs to and from **Philodrill**, the first crude oil platform in Palawan.

We are also disponent owners of a **Landing Craft Transport Barge (LCT)**, which is being utilized to transport container - based cargo from Subic to Masbate and Cebu.

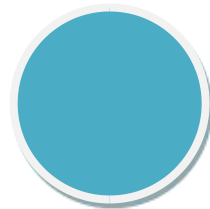

Our aim is to provide a cost- efficient alternative services to our clients without sacrificing quality. In turn, our cost of services will

**eventually be part of lower movement of goods and cargo, which in turn will be beneficial to our country's consumers. Ultimately, we may be able to contribute to our country's economic progress.**

**Harborline Marine Services is committed to a very efficient, cost wise and professional tug services we give through our experienced, well trained and professional personnel, duly licensed by the Professional Regulatory Commission and by the Maritime Industry Authority.**

**We are your local partner but we are globally committed in serving your marine requirements in the Philippines at any given place and time, hassle and worry free.**
