Creating memories that will last a lifetime

About Me

My name is Kira and I am the creator behind Makin' Memories with Kira.

As well as being a photographer and videographer, I am a teacher and mother to a beautiful little girl.

My passion for photography started at a young age and continued to flourish as I grew. I always take the time to understand my clients and what they want, as well as adding my own flare. I believe I am a kind, caring, approachable and a down to earth person.

I have a passion for creating memories that will last a lifetime.

Family Portraits

Family portraits are one of my favourite things to photograph. I love when families come together to create special memories. No matter who you are or how old you are, having updated family portraits are so important.

When we have each other we have everything we need.
