About Me

My name is Kira and I am the creator behind Makin' Memories with Kira.

As well as being a photographer and videographer, I am a teacher and mother to a beautiful little girl.

My passion for photography started at a young age and continued to flourish as I grew. I always take the time to understand my clients and what they want, as well as adding my own flare. I believe I am a kind, caring, approachable and a down to earth person.

I have a passion for creating memories that will last a lifetime.

Weddings

There is nothing more beautiful than watching a couple in love say, 'I do'. I have had the privilege of watching many couples become husband and wife, husband and husband & wife and wife with all their nearest and dearest. I find something special in each couple's day. I like to make sure you have the time to escape the chaos of the day with your number one so everything can sink in. I hope my soft, calm & loving nature is what you want on your special day.
