ABOUT US

At **HNJ Hydro Chem**, we pride ourselves on being a leader in the water treatment sector. Our mission is clear: to deliver innovative solutions that improve water quality and enhance operational efficiency for our clients. With **20 years** of collective leadership expertise our dedicated team of experts utilizes cutting-edge technology and industry best practices to provide customized solutions tailored to meet the diverse needs of our clients across various sectors, including municipal, industrial, and healthcare.

Our commitment to excellence drives us to continuously innovate and expand our product offerings, ensuring that we remain at the forefront of the water treatment industry. Whether it's through our advanced filtration systems, specialized water treatment chemicals, or smart dosing technologies, we are dedicated to providing reliable, effective solutions that our clients can trust.

Our History: Founded in 2023 , **HNJ Hydro Chem** has consistently delivered excellence, achieving numerous milestones, including Successful Projects Across Multiple Industries, Recognition for Innovation, Environmental Initiatives. Our commitment to quality and customer satisfaction has positioned us as a trusted partner in the water treatment industry.

- **Mission Statement:** "Our mission is to provide cutting-edge chemical solutions that enhance water quality and environmental sustainability, ensuring a healthier planet for future generations."
- **Vision Statement:** "To be the preferred choice for water treatment solutions, recognized for our commitment to excellence and customer satisfaction."
- **Core Values:**
 - Quality
 - Innovation
 - Sustainability
 - Customer Focus

COMPREHENSIVE PRODUCT OFFERINGS

Tailored Solutions for Every Need

HNJ Hydro Chem offers an extensive range of products designed to meet the diverse needs of our clients. Our offerings include:

- **Water Treatment Chemicals:**

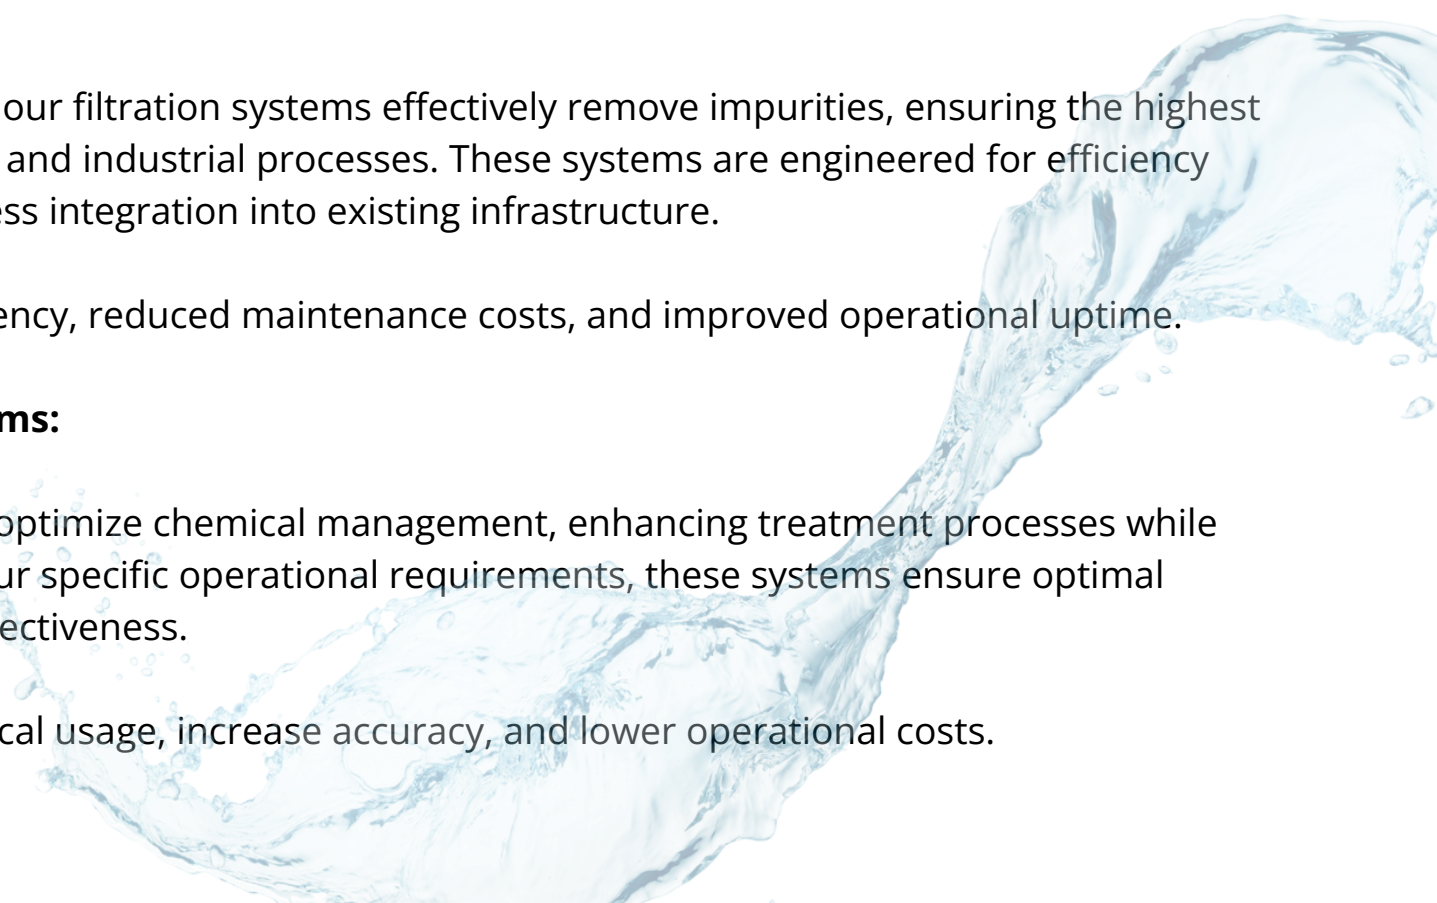

- Our specialized formulations are designed to effectively purify water, addressing contaminants and ensuring compliance with health standards. We provide solutions for various applications, including municipal and industrial wastewater treatment.
- **Key Benefits:** Improve water quality, reduce environmental impact, and ensure compliance with regulatory standards.

- **Advanced Filtration Systems:**

- Utilizing the latest technology, our filtration systems effectively remove impurities, ensuring the highest quality water for consumption and industrial processes. These systems are engineered for efficiency and reliability, allowing seamless integration into existing infrastructure.
- **Key Benefits:** Enhanced efficiency, reduced maintenance costs, and improved operational uptime.

- **Smart Dosing and Control Systems:**

- Our precision dosing systems optimize chemical management, enhancing treatment processes while reducing waste. Tailored to your specific operational requirements, these systems ensure optimal chemical use for maximum effectiveness.
- **Key Benefits:** Minimize chemical usage, increase accuracy, and lower operational costs.

DIVERSE SOLUTIONS FOR A RANGE OF SECTORS

HNJ Hydro Chem proudly serves a variety of sectors, delivering tailored solutions that address unique challenges:

- **Food & Beverage:** Our solutions ensure compliance with health regulations while maintaining product integrity and quality, crucial for consumer safety.
- **Oil & Gas:** We provide specialized chemicals designed to enhance efficiency in drilling and production processes, ensuring safety and environmental compliance.
- **Municipal Water Supply:** Partnering with local authorities, we deliver safe drinking water solutions that enhance community health and wellbeing, utilizing our expertise to improve water quality.
- **Healthcare:** Our products meet stringent health and safety standards, providing reliable solutions that protect patients and staff in healthcare settings. Our commitment to quality ensures the highest standards of hygiene and safety.

OUR VALUED CLIENTS: SUCCESS STORIES IN WATER SOLUTIONS

Transforming Challenges into Achievements

Our commitment to excellence is reflected in the success stories of our clients. Here are a few highlights:

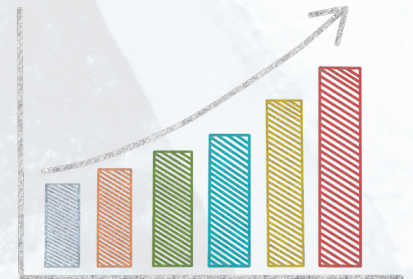

- **Case Study 1: Cibex Pharmaceuticals**

- **Challenge:** Regulatory compliance issues due to contamination.
- **Solution:** Implementation of an advanced filtration system.
- **Results:**
 - **40%** improvement in water quality.
 - **30%** reduction in operational costs.

- **Case Study 2: Ali Brothers Forging**

- **Challenge:** Inefficient chemical management.
- **Solution:** Integration of a smart dosing system.
- **Results:**
 - **25%** reduction in chemical usage.
 - Enhanced overall efficiency.

- **Case Study 3: Scada Industries**

- **Challenge:** Outdated treatment methods leading to compliance issues.
- **Solution:** A tailored comprehensive water treatment solution.
- **Results:**
 - Achieved full regulatory compliance.
 - **35%** improvement in water quality.

CLIENT TESTIMONIALS

Our commitment to excellence is reflected in the success stories of our clients. Here are a few highlights:

- **Testimonial 1:**

"**HNJ Hydro Chem** has transformed our operations. We saw a **40%** improvement in water quality and a **30%** cost reduction."

— **Cibex Pharmaceuticals**

- **Testimonial 2:**

The smart dosing system significantly improved our chemical management, leading to a **25%** reduction in usage.

— **Ali Brothers Forging**

- **Testimonial 3:**

Thanks to **HNJ Hydro Chem**, we achieved full compliance and enhanced our water quality by **35%**. Their support was invaluable.

— **Scada Industries**

OUR COMMITMENT TO SUSTAINABILITY

We support sustainability through optimization—helping clients achieve stable treatment performance with reduced chemical waste, improved control, and fewer disruption events. Where applicable, our programs support reuse-readiness by stabilizing key quality parameters and improving filtration performance.

OUR PRODUCTS

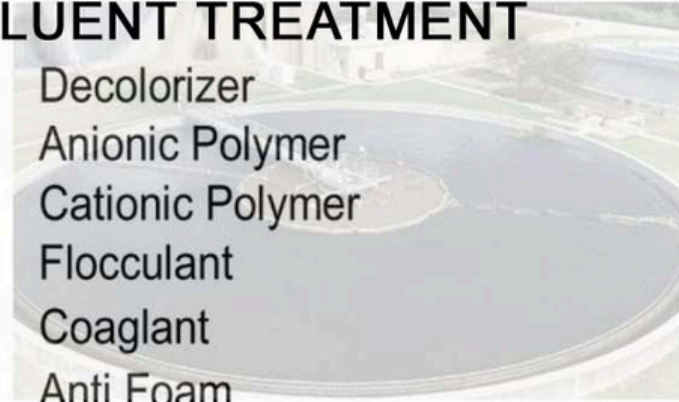

REVERSE OSMOSIS PLANT

- Anti-Scalant
- Biocides
- Acidic Cleaner
- Alkaline Cleaner
- Dechlorinator

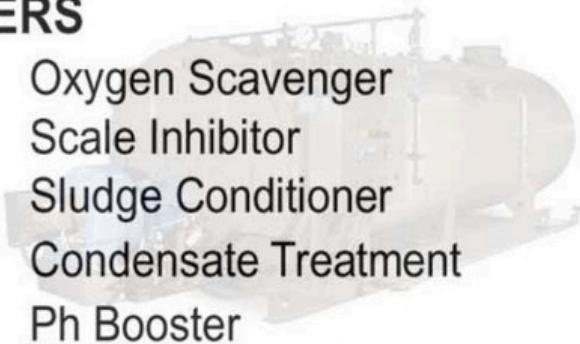

EFFLUENT TREATMENT

- Decolorizer
- Anionic Polymer
- Cationic Polymer
- Flocculant
- Coagulant
- Anti Foam

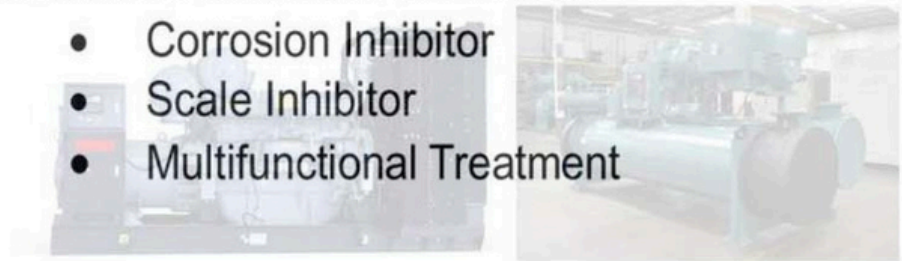

BOILERS

- Oxygen Scavenger
- Scale Inhibitor
- Sludge Conditioner
- Condensate Treatment
- Ph Booster

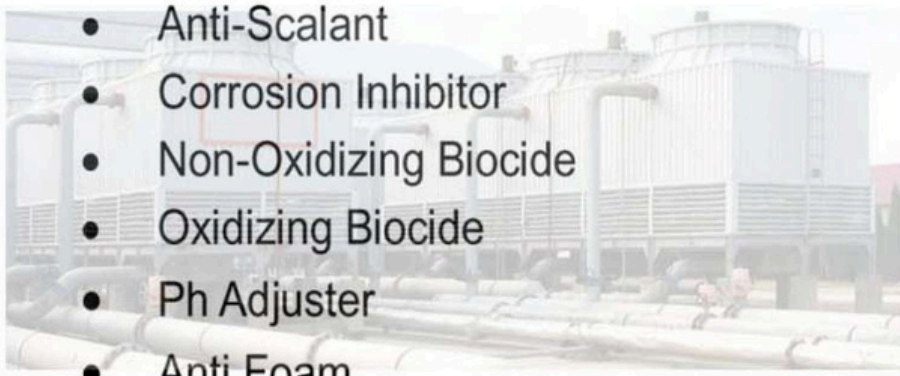

CLOSED CIRCUIT SYSTEM

- Corrosion Inhibitor
- Scale Inhibitor
- Multifunctional Treatment

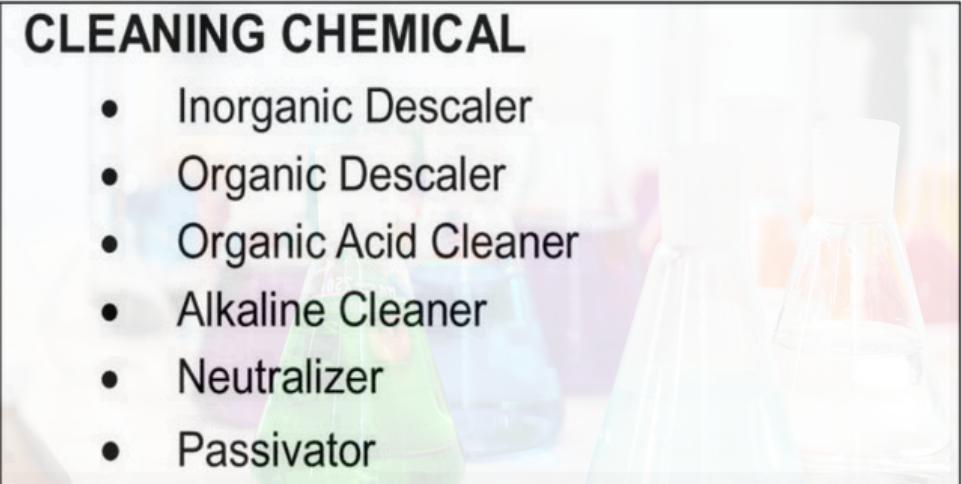

COOLING TOWER

- Anti-Scalant
- Corrosion Inhibitor
- Non-Oxidizing Biocide
- Oxidizing Biocide
- Ph Adjuster
- Anti Foam

CLEANING CHEMICAL

- Inorganic Descaler
- Organic Descaler
- Organic Acid Cleaner
- Alkaline Cleaner
- Neutralizer
- Passivator
