Saint Michael Service Hour Form

- A detailed description of Volunteer Service hours can be found in the Student Handbook.

Student Service Hours ...

In keeping with the Gospel teaching that Jesus came to serve not to be served, each student must complete 150 service hours before graduation from Saint Michael. Students will serve with an attitude of joy and charity as God loves a cheerful giver. Service hour requirements are assigned per grade level and gradually increase as students become more accustomed to the academic rigors of high school. There are two categories of student service hours: service to school and service to community.
