## Biography

As an emerging model, actor, and voiceover artist, I am passionate about commercial and lifestyle projects. With over 30 years of experience in sales and marketing, I have developed a deep understanding of how to create authentic, relatable connections with audiences. As an avid cyclist who rides 100–150 miles per week, I embody an active and healthy lifestyle, which shines through in every shoot. Represented by several agencies, I have worked on commercial and lifestyle shoots, UGC projects, and as well as film, bringing charisma and professionalism to every project.

My experience in front of the camera, combined with my voiceover work, has showcased my versatility, allowing me to capture the trust and engagement of brands looking for authentic, confident talent. Whether it's a high-energy commercial or a more relaxed lifestyle shoot, I approach each project with enthusiasm and a focus on delivering results that exceed expectations. I leverage my years of experience building genuine connections with people to bring authenticity to every project.
