Beer available for purchase (no outside drinks). Be paid up by 6:15 p.m.  
For information, call Clay Scott, 918-841-0108.

### Final facilities push for year

Improvements continue with upgrades to the toilets in both the men's and women's restrooms, more efficient gas wall heaters and new gas lines in the clubhouse.

The sewer lines have been cleaned out and replacement gas lines will be pressure checked to prevent the costly waste of propane from leaks, which the club encountered last winter. New electrical conduit to the clubhouse has been laid down and connected.

### Fundraisers make a big difference

Thanks to the many members who organized tournaments, fundraisers and volunteered their time and resources, as well as Jarrod Miller's work and creativity, through October the club received \$8,500 in additional funds to complete the hole renovation project, purchase equipment, upgrade restrooms, enhance signage, complete graveled cart paths, repair utility lines, clean up the course, remove the old hot dog stand and apply chemicals to the course in a timely and consistent plan.

In addition, the Club "walked it back" a few years to provide social activities like bingo night and poker tournament.

### Welcome and tributes

Welcome new members **John Gable** and **Dale Longpine**. With the completion of the hole renovation project, we have a vastly improved course to attract golfers. However, the most effective method we have to attract players and new members is for you, our current members, to advocate for course and invite friends and family to play.

On Oct. 13, family and friends gathered at the clubhouse to remember and honor lifetime member **Ken "Fob" Fobian**. Fob was among the most colorful, generous and enthusiastic people to drive, chip, putt, curse and volunteer his knowledge, resources, humor and effort to Caney Golf Club. It isn't the same without you, Fob.

### Call for volunteers to plan 2018 tournaments

In February 2018, the Tournament Committee will meet to plan out the year's activities.

Sedan's club has expressed an interest in coordinating events to avoid scheduling conflicts and to add back the Caney-Sedan Shootout.

Please contact Brandon Montgomery at 620-205-7651 if you would like to participate.
