Out-of-Network Insurance Benefits Worksheet

This worksheet is designed to help you get information you need from your insurance company to assist you with filing an out-of-network (OON) claim for reimbursement using a superbill.

What is a superbill?

A superbill is a monthly invoice provided by a therapist to the client. This includes information about the therapy services provided including diagnosis. A client pays the therapist directly for services and then submits the superbill to their insurance company for reimbursement.

How do I get reimbursed by my insurance company?

It is very important to contact your insurance company <u>BEFORE</u> starting therapy to make certain that your sessions will be reimbursed. Some insurance companies have restrictions around their OON benefits. This worksheet will help you to collect the information you need from your insurance company to determine if your therapy sessions will be reimbursed.

Co ac	Yes No opy the URL here if the form is available online. (You are responsible for completing any

Some Additional Tips

- Some insurance companies will try to encourage you to use an in-network provider before giving you information. You are welcome to find an in-network provider, and they should be able to provide you with a list of current in-network providers; however, it is your right to use your OON benefits. You generally should not have to provide details about why you want to use your OON benefits. Insurance companies must provide you with the details of your benefits and answer the specific questions on this form.
- It could be helpful to getting your claims processed/approved to provide some basic details about why you are seeking to work with me over another provider. (For example, you have been referred for a specific treatment modality or specialty of mine, you cannot find an innetwork provider, etc.)
- If you feel the representative does not know how to help you, or is withholding benefit information, you can ask to speak to another representative.
- Please note, I do not offer Single Case Agreements that would contract me with the insurance company. I only provide you with the superbill through the client portal.
- Some insurance companies are no longer covering online video conference therapy for OON benefits, or they want providers to use a certain online video conference platform that requires contracting with them.
- If you are still having trouble getting this information, talk to your HR representative.
