Cold Box Perlite
CUI
Heat Trace
Electrical and Instrumentation Professionals
Maintenance Programs
Substation Maintenance
O&M Maintenance
Project Management

Scaffolding

Our company designs, assembles, and dismantles custom scaffolding for construction, maintenance, and repair projects. We prioritize safety and use high-quality materials. Our experienced team ensures reliable scaffolding systems for various heights and challenging environments..

Insulation Blankets

Our company specializes in fabricating, precisely installing, and maintaining custom-fit insulation blankets for industrial components like valves, pipes, and equipment. These high-quality, thermally resistant blankets provide effective thermal insulation, maintain desired temperatures, minimize energy loss, and prevent condensation.

Abrasive Blasting

Our company specializes in abrasive blasting, using high-pressure streams of abrasive material to clean, prepare, and finish surfaces. Ideal for removing rust, paint, and contaminants, our tailored techniques ensure a smooth, clean finish ready for painting or coating. We deliver precise, efficient results while upholding the highest safety and environmental standards.

ABOUT US

Atex Industrial Services was founded in Port Arthur by local business owners. Each owner brings a different expertise to the table, accounting & finance, industrial experience, and home building experience. These three owners are hands-on with every project ensuring that every client need is being met.

WHY CHOOSE US

- ✓ Our team has over 20 years of industrial experience.
- ✓ We are local to Southeast Texas and understand the needs of each client in our region.
- ✓ We are a trusted company with excellent and fast service
