

ECHO 65 METHOD

**Hand Marked, Hand Counted
Paper Ballots, Cast and Tallied by Precinct**

www.texashandcounts.com www.tallytexas.org
www.myvotecountsintexas.com

PROCESS

- Voter Casts Ballot via Hand Marked Paper Ballot identical to current absentee ballots.
- TallyTeams of Four: One Caller, Three Counters with one as an Echo for the Caller.
- Counters slash through each numbered box per candidate as Caller reads off each race until each batch of 50 is recorded identically on all three Tally sheets.
- Batch totals for all votes, undervotes, overvotes are recorded in designated areas.
- Total each race per candidate, add totals to Batch Summary and record final results on Return Form.

PREPARATION

Early Voting is conducted to allow Voters to cast ballots by Precinct Identical to Election Day.

No Machines, Additional Paper Ballots ordered.

Tally Sheets, Batch Summary and Return Sheets ordered.

Upon Initiation of Counting, ballots are sorted into Batches of 50.

Early Voting Counting may begin on Election Day.

Hand Counting at the Precinct May Begin after a certain Amount of Time and a Certain Amount of Voters have cast their ballot.

BENEFITS

1. Secretary of State Certified

This process is already approved by the Texas SOS for use in Texas Elections, and was successfully conducted in the 2024 Gillespie County Republican Primary.

2. Follows The Law

This process is already State Law and adheres to Chapters 52, 65, 66, 81, and more, of the Texas Election Code as well as Federal Statutes related to Ballot Secrecy.

3. Simple, Safe, Secure

Often leads to product and service brand evangelism that can help boost our company's visibility and improve the conversion rates.
