

Complimentary Passes for (ISC)2 Montréal's Members at Canada's Leading Cyber Security Summit for OT Environments

Date: November 3rd - 4th, 2026

Location: DoubleTree Hilton Montréal

(ISC)2 Montréal's new partnership with [OTsec Canada](#) aims to boost its members' skills in cybersecurity over 2 days of expert knowledge exchange and networking.

Eligible* (ISC)2 Montréal members can now **redeem a complimentary pass** to attend the event, using code "ISC2-VIP" at: canada.otsec.world/register/ (*View T&Cs)

Recognized as the leading event for cybersecurity leaders working within OT environments, [OTsec Canada](#) unites senior Canadian IT & OT security experts to connect, learn and collaborate towards safeguarding their operations from cyberattacks.

Speaker Line-Up: Gain actionable insights from trailblazing speakers from the likes of *Énergir, Toronto Transit Commission (TTC), Hydro Ottawa, KDC/ONE* and *Greater Toronto Airports Authority* & more

Key Learnings: access thought-provoking presentations, in-depth case studies, insightful panel discussions and interactive roundtables addressing key challenges including:

- **Mastering converged environments:** achieving genuine IT & OT security alignment
- **Safeguarding critical operators:** strengthening third-party and supply chain risk management
- **Cyber resilience:** Building OT vulnerability management programmes that deliver true impact
- **Ensuring regulatory compliance:** strengthening OT governance under Bill C-8
- **Culture & workforce:** cultivating a security-first culture while addressing talent gaps and burnout
- **Strengthen industrial cyber defence and incident response:** applying AI responsibly

Additional benefits: hosted lunches, an evening drinks reception, PDF copies of all presentations and up to 12 credits for your CPD accreditation.

BENEFIT FOR (ISC)2 Montréal MEMBERS
