COVID 19 Situation

>> We expect NO in person meetings for Q1 & Q2 2022
- We understand that this is not ideal
- One of the main benefits of a chapter is networking

>> We invite you to share your thoughts
- Ideas for virtual networking
- Holding a presentation
- Or any other ideas that you want to work with us

We are observing the situation and what rules the government puts in place. Our main concern is the security and health of every member.

If the situation permits, we would like to have an in person networking event in summer this year
