Youth Feedback

What is your favorite part of the summer program and why?

"Hang out with my friends and go to the beaches because I was able to bond with them and share memories."

Youth Testimony

"Can you share a moment from this summer that really stood out to you or meant a lot? The museum of tolerance. There was a moment when we were by the wall of children's clothing, and it stood out to me because it made me realize that not everything lasts, and things can change in a day. It made me think about our own reality and what is happening in our own country. It made me feel scared about the future, but at the same time, it was a good reminder to be aware of things like that, because you don't want history to repeat itself. We can prevent such things from happening by voting and advocating for others."---Karen Liaz 19

Thank you to our Community Partnerships

We are deeply grateful to our community partners, **Reel Guppies Outdoors**, **Ignite**, and **Eden Forest Collective**, for their generosity, creativity, and commitment to youth. Through fishing trips, cultural enrichment, and hands-on agricultural learning, these partners ensured that our teens had a summer to remember, filled with meaningful first-time experiences and opportunities for growth.
