## **How Worship is Meant to Lead the Culture Around You**

Presenter: Holly Collins

Location: Beaty in Bauer Lodge

This workshop is not just for musicians. Throughout the 20th century with technological advances, the commercialization of the music industry has taken over creative expressions of sound. Instead of producing our own sound on the earth, we can now buy the sound of another. Yet, God has made His people in His image, the image of the Creator. We are meant to create sounds on this earth that reveal God's Kingdom. You will be encouraged to take back your God-given identity as a creative worshiper meant to live as a Jesus-loving warrior in today's world. We'll look at the meaning and habitual practice of "sing a new song," that King David modeled through the Tabernacle of David and how that applies to us today.

Why do we not trust His Love? What blocks us from receiving and abiding in His Love and living that abundant life He died to give us?

Today, learn how to remove the hindrances to this **AWAKENING!** You will be introduced to and engage in Dr. Caroline Leaf's 5-Step protocol to remove the lies we believe about ourselves, God and the world around us.
