Policy Drafting Committee

The KSCC’s Policy Drafting Committee was formed with 5 council members on March 2, 2024 together with concerned Technical Advisors.

Since the formation, following policies have been developed and approved, while others are still being under way.

Completed Policies	Currently Developed
Youth Policy	Humanitarian Policy
Education Policy	Drug Reduction Policy
Health Policy	Immigration Policy
Defense and Security Policy	Agriculture and livestock Policy
Financial Policy	Tax Policy
Land Policy	Local Governance Framework
	Gender Policy Framework

International Relations Committee

To facilitate international level advocacy efforts, the International Relations Committee was established on March 2, 2024, comprising four committee members. Currently, the IR Committee is engaging with international organizations, international media, and conducting diplomatic activities.

Political Dialogue Committee

To regularly engage with relevant ethnic resistance organizations (EROs) within the state as well as those in other states and to exchange defense and political stances, the political dialogue committee was created in March 2024 with six committee members.

Way Forward

In addition to continuing policy drafting and approval efforts, further policy-related activities will be carried out to ensure practical implementation of the policies.

To ensure public participation in policy drafting and political processes through continued public consultations.

To undertake actions to develop Constitution for Karenni State to contribute to establishment of a federal union, as well as the necessary arrangements for the transition period.

To carry out all inclusive political dialogue regularly to enhance cooperation and strengthen joint political leadership of the Karenni State during the revolutionary period

To foster cooperation and negotiations on common political agreements among the state/federal units, ethnic armed groups, and other alliance forces.

To enhance bottom-up federalism through prior consultations for common political agreements between states and union levels.

Conclusion

Since formation of the KSCC, the aforementioned processes have been undertaken over the past four years and will continue to engage in providing policy guidance and political leadership in transition and federal union establishment together with the Interim Legislative, Executive and Judicial branches. The KSCC will also ensure continued collaboration with the National Unity Consultative Council, the National Unity Government, and other political/revolutionary forces.
