

# THE White Heron

## *When Making a Reservation*

Due to the size of our tea room, and our desire to create a unique and intimate experience for each of our guests, reservations are required. We suggest making reservations as soon as possible as dates and times tend to fill quickly.

At the time of reservation, we will need to know what menu option you (and your guests) will be enjoying when you visit us. Also, to accommodate each guest as best as we can, please let us know of any allergies or if any guests are vegetarian.

*Plan to arrive 10 – 15 minutes before your scheduled teatime to check in. Please check in at the counter in the main gift shop. Parties will be seated at their teatime, once the entire group has arrived. We do not seat a party until all guests have arrived.*

## *Bridal & Baby Showers*

We, at the White Heron, take a lot of pride in being a part of life's special celebrations. Please contact us to learn more about hosting a Bridal or Baby shower, or other special occasion event at our tearoom.
