Autumn Sunset Cruising!

President's Message

www.easternmasscorvetteclub.org

Hello Everyone!

This is my favorite time of year. The morning air is crisp, I can cruise through a beautiful sunset before my bedtime and I'm not spending any money on heating or cooling.

Don't get me wrong, I like summer but nowhere near as much as I love autumn and not because it's pumpkin spice everything. For me, there is something magical and soothing about an Autumn cruise through winding, picturesque, foliage-painted roads.

The only sorrow of Autumn is the foreshadowed storage of our cars, well at least for some of us. As the sun begins to set on our Cruise season each cruise is now the long goodbye until her winter slumber. For now, however, we will continue to make more sweet memories over the next 2 months to take us into that slumber.

This summer, like most summers, we made many memories on many great cruises and events. One cruise in particular on the quintessential N.E summer day of Sept 8, will remain a very special memory. A caravan of 25 Vettes showed their love and support to one of our members who was in a very advanced stage of Alzheimer's. It came on very rapidly. We visited Steele "Whitey" Lightbody along with his family. His son had Steele's black C5 parked along with us and it was nice to see Steele in the driver's seat with his wife and co-pilot Mary Jane at his side. Very sadly, Steele passed away only 2 weeks later. It was blessing that we were all able to visit with him.

We never know what memories we make with someone might be the last. Make them meaningful.

We will continue to make meaningful memories with friends on the cruises we have planned, like the upcoming annual Columbus Day cruise, this year to Quebec City. With December fast approaching, we're planning our Christmas Party, other holiday events and even our February Anniversary party.

Until we see each other again, be safe, and God bless.

Cheers!

Recipe of the Month

Submitted by Donna Crandall (EMCC Secretary)

Pumpkin Crisp

Pumpkin Pie Layer

- 1 (15 oz) can pumpkin puree
- 1 cup Dixie Crystals Extra Fine Granulated Sugar
- 3 large eggs
- 2 teaspoons pumpkin pie spice
- ½ teaspoon salt
- 2 teaspoons vanilla extract
- ¾ cup heavy cream

Cinnamon Streusel

- 2 cups all-purpose flour
- 1 ½ cups Dixie Crystals Extra Fine Granulated Sugar
- 2 teaspoons cinnamon
- ½ teaspoon salt
- 12 tablespoons (1 1/2 sticks) unsalted butter, melted

Instructions

- Preheat oven to 375°F. Butter a 12-inch cast iron skillet or a medium casserole dish. Set aside
- In a large bowl, whisk together pumpkin, sugar, eggs, pumpkin pie spice, salt, and vanilla extract. Whisk in heavy cream until smooth. Pour into prepared skillet and set aside
- In a medium bowl, whisk together flour, sugar, cinnamon, and salt. Add melted butter and stir with a fork until crumbly. Spread cinnamon streusel topping on top of pumpkin pie mixture in an even layer. You can also beat with a hand mixer until crumbly if needed
- Bake until filling is set and top is golden brown, 40 to 45 minutes. If the crumb topping happens to brown too quickly, you can lightly cover the top with foil to prevent it from browning any more.
- Let cool for 10 minutes, so the pie filling can firm up. Then serve warm topped with ice cream or whipped cream.
- My personal favorite combination is to serve this pumpkin crisp with cinnamon ice cream if you can find it!

Adventures of the Hart

Photos, Story: Eric Hart (EMCC Social Director)

As most of our members know Debbie and I have been involved with the motorcycle club for many years. After Victory closed its doors we decided to open the club up to all motorcycles and ventured further into camping. We received a lot of participation in camping, but as we were all getting older we started migrating into campers and RVs.

Debbie and I put quite some time into researching what we wanted and found a great deal on a 30 foot toy hauler with one pull out for a queen bed. This year was our first time taking this trip utilizing our new toy. Our close friend and Corvette owner, Steven Manni, started a camping group that is planning on visiting many of the great National Parks that the United States has to offer.

This year we took to the Mid Atlantic section of the country and visited Shenandoah Valley, New River Gorge, Mammoth Caves, Nashville (ok, just a party stop and not a National Park), the Great Smoky Mountains, Assateague Island, and a Reindeer Farm.

We took care allowing time for travel as driving these larger rigs or trailering a camper is mentally and physically exhausting. We used what is known as Harvest Host for some of the longer rides as our stopovers. This consists of businesses that offer free overnight stays on their property if you frequent their business while staying. These are typically distilleries, farms or golf courses, with large tracts of land, the only catch being you must be completely self contained (i.e. bathroom, showers, kitchen all within the unit). We were joined by long time friends that used tents and/or hotels for their stays, while we were at the Harvest Hosts. The majority of us did take our motorcycles, as we have many trailer conversions, my camper holds two motorcycles in a small garage and one of the RVs has a motorcycle carrier.

Shenandoah Valley is spectacular and we got quite a bit of exploring done on the bikes up and down the Blue Ridge Parkway and around the area.

The majority of us took advantage of whitewater rafting while in the New River Gorge, and it was so much fun that the risk of drowning faded out of concern, and I swore I would never do it previously. Just look at the grins!

www.easternmasscorvetteclub.org

Mammoth Caves are incredible! The vast open areas under the earth are something I never expected. I didn't catch it in these pics but some were the size of a small stadium.

Debbie flew into Nashville Airport, where I picked her up in the Tahoe with a camper in tow. I am so blessed to have her in my life!!! We did all the tours in Nashville. What an incredible town filled with artists playing at every location, hoping to be discovered. WHAT TALENT!!

The Great Smoky Mountains were SPECTACULAR! What scenery, great motorcycle riding, and waterfalls. We also got to visit Wheels Through Time, with the most incredible selection of history through motorcycles we have ever seen.

The FINALE was a few days on the beach of Assateague Island with the wild horses. JUST INCREDIBLE!!!

We could have written a book on this and the number of pictures is incredible that I took.

I hope you enjoyed this. Interest in RVing, traveling the National Parks? Let us know!

Fireside Dinner Cruise!

Story: Gary Crandall (EMCC Treasurer), Pictures: Gary and Gerry Criscenzo

On Thursday September 12th a group of EMCC members and guests traveled from Lake Pearl to the Fireside Grille in Middleboro for an evening dinner. The Fireside Grille is owned by one of our newest members Michael Dearing.

The convoy of 14 cars and 21 members and guests made the trip. When we arrived, we were greeted by Michael's son Derek and the Fireside Event Coordinator Kelly Curtin. Front row parking was provided for all the Corvettes to allow the cars to be on full display for the restaurant patrons. Our group was set up in a separate room for our privacy. The food was excellent, and we would like to thank Michael and his staff for providing a complimentary cheese and fruit tray for the group. After our meal we toured the restaurant's banquet facility.

Kiddie-Fenwal Car Show!

Story, Photos: Judy Pitasi (EMCC Sunshine)

A beautiful day for a car show. The weather was perfect. Over 350 cars rolled in and were a sight to behold. Fran Blake insured that we had our usual parking area. After a couple of walks admiring all the vehicles, running into people I know I was set to head out. Ah but the paper in my window was removed which meant I was getting something. I got a trophy from one of the sponsors, Marathon Auto Service, first one since I had the car painted. I wasn't the only one we had a great turn out for EMCC!

From the Kiddie-Fenwal site: This will be our tenth annual car show with over 300 cars attending the show last year. The main purpose of the Car show is to raise money for American Cancer Society. The event is being run by the employees of Kiddie-Fenwal a company located in Ashland Ma and it's Relay for Life Team who have raised over \$290K over the past 10 years through fund raising events.

Highlights of the car show: all proceeds go to American Cancer Society, on the grass show parking, over 90 awards / trophies given out (as we have over 60 local businesses that sponsor the show), live band and DJ, refreshments and food for sale.

Get Your Kicks on Rt66! Corvette Tour on America's Mother Road!

By Keith Cornett, May 3, 2022. Photo Credits: Austin Coop / 2LaneAmerica.com

<https://www.corvetteblogger.com/2022/05/03/get-your-kicks-on-route-66-with-a-guided-corvette-tour-on-americas-mother-road/>

Submitted to Gazette by: Scott Sutcliffe

If taking a Corvette Tour on Route 66 across America has been on your Bucket List, we want to introduce you to our friends at 2laneamerica.com who are organizing their guided tours for Corvette enthusiasts on America's Mother Road.

Route 66 was the first national highway linking Chicago to Los Angeles and it's filled with countless old filling stations, vintage diners, roadside attractions, and historic sites. Along the way are several natural wonders and two national parks including the Grand Canyon! At the end of the journey is Los Angeles and the Santa Monica Pier.

Two Lane America takes out all the hassle of planning a major getaway like a 2,448-mile Route 66 Caravan, so all you have to do is sit back and enjoy the sights! Each trip includes 13 nights of lodging, 18 meals, and all the museum and sightseeing admissions fees. Best of all, the hosts at Two Lane America know all the great spots to see and things to do will create memories that will last a lifetime.

Your trip down Route 66 includes:

- Standard Room Lodging
- Admission/parking/tickets for any group activity on the itinerary
- Trip drawstring tote bag
- Trip guidebook
- Lead-car guide
- 13 breakfasts
- 2 lunches
- 3 dinners
- Digital souvenir photo
- Custom Spotify playlist tailored to each day's journey

Your out-of-pocket costs along the way include fuel, any meals not mentioned in the itinerary, and all the gifts and souvenirs you are going to want to buy from this memorable experience.

Member Submissions

www.easternmasscorvetteclub.org

Imagine driving your Corvette across eight states on the Main Street of America and getting photos of all the cool attractions along the way. You'll cross historic two-lane bridges, cruise through small towns, and you'll experience some of the quirky roadside attractions that Route 66 is known for including the famous Cadillac Ranch, the Leaning Tower of Britten in Groom, Texas, and Arizona's Hackberry General Store. You might even find yourself "Standing a corner in Winslow, Arizona." There is so much to see and do during each of the 13 days.

CorvetteBlogger readers can save \$250 per person with your registration (in 2022) Route 66 Guided Corvette Tour when you use the "CORVETTEBLOGGER" coupon code. All of Two Lane America's Route 66 guided tours are limited to approximately 10 cars and dates are filling up fast, so don't miss your chance to hit the Mother Road this summer.

For more information on the trips, visit [Two Lane America's website](http://TwoLaneAmerica.com) or contact your trip tour guide, Austin Coop, directly at austin@2laneamerica.com or 513-827-8273.

Steele “Whitey” Lightbody!

OBITUARY

Steele J Lightbody, a treasured soul whose laughter and kindness warmed the hearts of all who knew him, passed away peacefully on September 22, 2024, in his beloved hometown of Walpole, MA. Born on October 11, 1948, Steele's life was a testament to service, family, and passion.

Steele was the devoted husband of Mary Jane (Fraser) Lightbody, with whom he shared 44 fun years of marriage filled with love and unwavering partnership. A devoted father, his legacy continues through his children: Eric Lightbody and his wife Kristin, Jason Lightbody and his wife Julie, Daniel Sullivan, and Kerin Beauchamp, along with her husband Paul. He exuded pride in his role as a loving "Pop" to Samuel, Catherine, Jack, Colin, Abigail, Dillon, Kristoff, and Kayah, who filled his days with laughter and purpose.

A brother in both blood and spirit, Steele is fondly remembered by his siblings John LeRoy Lightbody, David Lightbody, Frank Lightbody, and Susan Peet, whose shared memories echo a lifetime of familial devotion. A proud graduate of Walpole High School's class of 1966, he led as Class President, setting the tone for a life marked by leadership and community involvement.

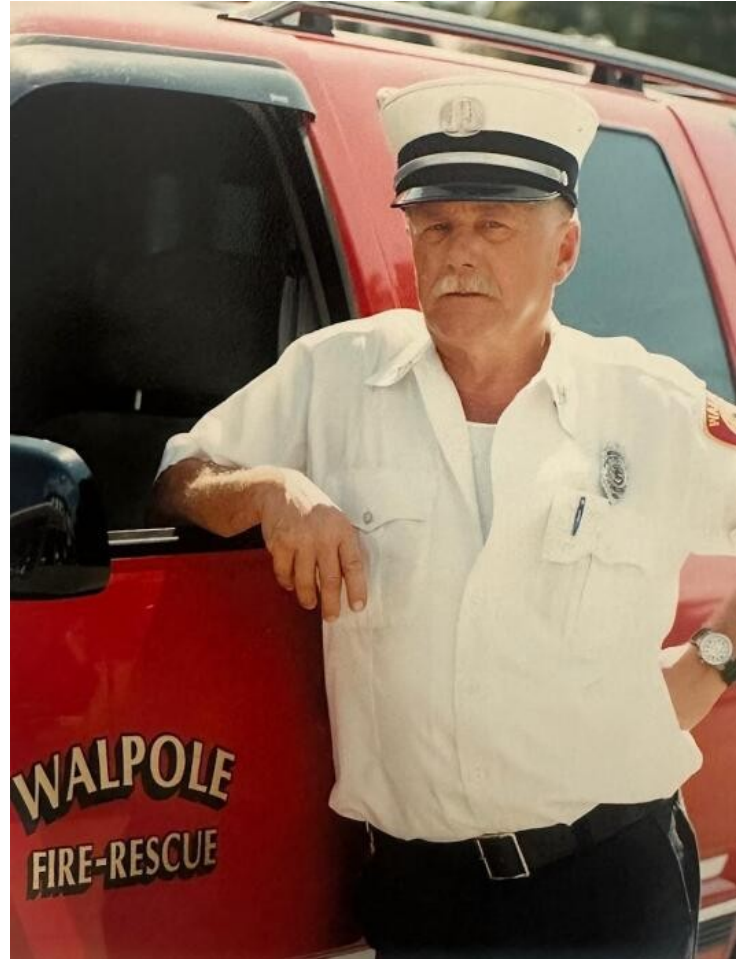

Steele's professional life was dedicated to the safety and well-being of his community; as Walpole's first full-time fireman, he bravely served the Walpole Fire Department, rising to the rank of Captain before retiring after an honorable 35-year career.

Parallel to his service, he managed Lightbody Electric, showcasing his skill as an electrical contractor.

His entrepreneurial spirit further shined alongside his wife, Mary Jane, as they delved into the world of real estate from 2005 until 2015.

Before his admirable career in fire service, Steele served his country with distinction as a seaman in the U.S. Navy, a chapter of his life that instilled in him a profound sense of duty and patriotism. Steele's heart was equally invested in his community, contributing time and talent as a Senior High School Youth Group Leader through CMA Church in Foxboro. His commitment to service spanned international borders with mission trips to the Dominican Republic and Mexico, where he assisted in building churches and strengthened communities.

Steele pursued his interests with the same vigor he dedicated to his work and service. A craftsman at heart, he skillfully built barns and made his dream home on South Street with his own hands. His love for snowmobiling led him to explore the snowy expanses of New Hampshire and Maine. Driving over the Bridge to Maine was his gateway to Heaven. Steele lived his high school dream of owning a Corvette and, in a twist of fate, a lottery win allowed him to purchase a 2001 Corvette and join the Eastern Mass Corvette Club.

In Memoriam!

www.easternmasscorvetteclub.org

Steele "Whitey" Lightbody!

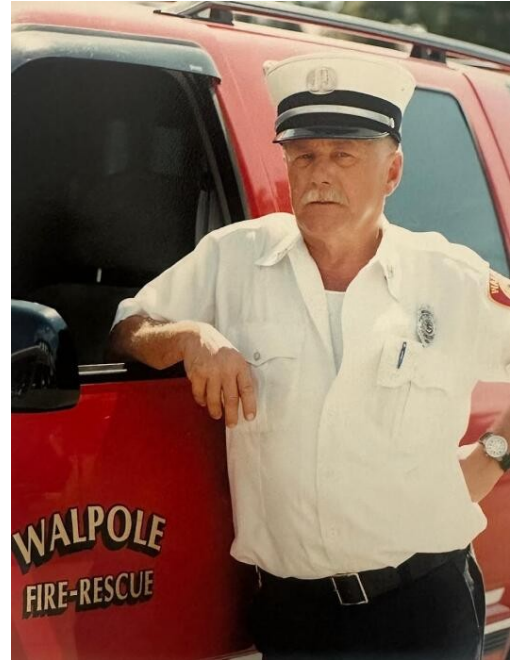

His time at All American Memory Care in Wrentham was highlighted by a grand visit from 25 corvettes, bringing joy to not only Steele but also fellow patients. The Walpole Fire Department paid him a tribute fitting for a man of his valor, allowing him to don his uniform and relive precious moments.

Steele's love of life was infectious, especially during the countless special events he hosted, from Halloween hayrides to lively 4th of July celebrations. He cherished family above all, never missing an opportunity to support his grandchildren or open his home for grand celebrations. The Lightbody residence was a beacon of joy, laughter, and music, resonating with Steele's spirit of generosity and love. Every few years Steele and his wife Mary Jane would travel to Key West and spend time with each other.

A man who was never just a neighbor, Steele was the embodiment of love, kindness, and handiness. He was the fixer of broken things and hearts, a constant source of support and comfort for all. His legacy endures through the lives he touched, the family he adored, and the community he so faithfully served.

Steele J Lightbody's departure leaves a void that will be deeply felt, but his memory will endure as a vivid flame in the hearts of family, friends, and all who were fortunate enough to cross his path.

Service time/dates TBA. Please, at the family's request, in lieu of flowers please donate to <https://www.pinestreetinn.org/>

*"Steele is exploring his free territory!
I have permission to be the next driver."
-Mary Jane Lightbody*

In Memoriam!

www.easternmasscorvetteclub.org

Drive-by for Steele!

Story, Pictures: Gerry Criscenzo

On September 8, just two weeks prior to Steele's passing, we had organized a cruise to visit him at the All American Assisted Living facility in Raynham, MA. The show of support was outstanding as twenty five Corvettes pulled into the facility where we were greeted by Mary Jane Lightbody and her family. Many of the residents came out to the view the cars, but most importantly, Steele.

A few of our members had long relationships with Steele and served with him in their service as firefighters. It was difficult for them, as it was for all of us to see Steele in such a frail state.

Mary Jane's son drove Steele's C5 to the facility and it was nice

to see him sitting behind the wheel with Mary Jane at his side. A few of us later went to lunch and raised a glass to Steele.

My Pal Whitey!

Story: Steve Campbell (EMCC VP)

EMCC, and I, along with the community of Walpole lost a great friend this past week. Steele Lightbody succumbed to complications of Alzheimer's disease this past week.

Whitey, as we all knew him, was quite a guy. He was a retired firefighter, a Captain at retirement and we both shared a lot of stories together because we both shared the same occupation and rank, just we worked for different departments.

When Whitey first joined and was introduced to the club, I immediately recognized him from our meeting many years past. We both were called to a neighboring town as mutual aid assignments. At the time we both were Lieutenants, company officers. A company officer's assignment is a truck or vehicle and the crew. This could be an engine (pumper), ambulance, rescue truck, ladder truck, etc. When you see fire apparatus on the streets the person seated on the right side is the company officer. The driver, operator, and the crew are seated behind in the cab. Company officers are of the rank of Lieutenant or Captain. Above that rank is Deputy Chief, District Chief, and then, Chief of the department. This is standardized in North America.

Well, this night, Walpole and Millis were called to this neighboring town because the town's department had used much of its resources handling an incident. I think that it started out as a structure fire, but upon arrival the fire had previously been extinguished. Normally, a report of a fire will bring in resources from neighboring towns in the mutual aid pact that our towns share.

This night the town's chief had brought in a lot of resources for what was a very small incident. So, both Walpole and Millis were there covering the station as stand by or "ready" assignments. The Lieutenant from Walpole (Whitey) and I started talking, bitching really, as to why we both were needed for station coverage. One company was sufficient. Anyway, we both agreed that this sucks, kept it to ourselves not letting our crews know we were pissed, and then went to raid the stations refrigerator. Whitey was quite a guy, and I really enjoyed our friendship and time together. We shared a lot of things in common, and I for one, will really miss him.

Trivia, 50 Years Ago, September 1974!

Submitted by Gary Crandall (EMCC Treasurer) Source: <https://takemeback.to/>

- Jack Nicklaus wins PGA Tournament Players championship, 1st of 3 PGA Titles.
- Oscar Robinson retires with 26710 points, 9887 assists and 7804 rebounds in 1040 games.
- Billie Jean King wins her 44th and final US Tennis singles.
- Evil Knievel. (aka Peter Musto) attempts to jump the Grand Canyon and fails.
- President Gerald Ford pardons Richard Nixon.
- Lou Brock Ties the stolen base record at 104 and then sets a new record of 105.
- Enzo Maiorca sets free dive record of 90 meters.
- Al Kaline is the 12th player in MLB to achieve 3000 hits.
- Aretha Franklin releases "Ain't Nothing Like the Real Thing".
- Nolan Ryan pitches his 3rd no hitter.

Corvette trivia question of the Month:

How many times has a Corvette been used as the pace car at the Indianapolis 500?

The Corvette has been used as the Pace Car for the Indianapolis 500 13 times, more than any other vehicle. You might be surprised to learn that the 1968 LT-2 Corvette prototype is the fastest in history, completing the quarter-mile in 10.86 seconds and going 0-60 in 2.8 seconds.

Greg Allman!

Story: Gerry Criscenzo. Photo: Unknown

Allman owns many cars and bikes and has owned seven Corvettes. He claims that his 2005 C6 is one of the finest cars he has ever owned. He modified it with a Stage 3 Performance kit from West Coast Corvettes, including long tube coated headers, intake and exhaust and custom tuning. On his 1-10 scale, he rates it at 9.7. "I put a lot of stuff on it, it has coated tuned headers and a Corsa exhaust - and it sounds so bitchin'," Allman says with pride. "This was the finest one I've ever had. Really, one of the finest automobiles I've ever, ever had."
