President's Message

www.easternmasscorvetteclub.org

EMCC members let's go to our fifth month of cruises and events, July.
FIFI World Cup Soccer is here and doing great. We had to change locations for our Tuesday static cruise because of the crowds. It turned out ok surprisingly and no issues. There are a few more home games to deal with. The Back to the Beach event was on this year in Old Orchard Beach, Maine which was fun. Corvette Day at Lars Anderson Museum was great this year and the weather was also great.

We only got one new member so far this year. The Tuesday Static cruise is going great at the Dairy Queen. We will stay there for awhile with George Pappas. Wednesday lunches are continuing as always.

Some future events are, Ice Cream Machine in Cumberland RI,
Newport Car Museum in RI, Bliss Dairy in Attleboro, and McDonald's in Gardner. Visit NSCC car show.
Visit Sheldon Epstein at Waterstone Senior Living place in Lexington.

So EMCC get ready for an exciting cruise season full of events and FUN!

Save the wave.

Chevrolet Opens the Corvette Assembly Plant for Summer Tours

Posted on EMCC Facebook by Scott Sutcliffe
Original post: https://www.corvetteblogger.com/2026/06/09/chevrolet-opens-the-corvette-assembly-plant-for-summer-tours/

By Keith Cornett -Jun 9, 2026

Now that Chevrolet has released the new Grand Sport and Grand Sport X, they are reopening public tours of the Corvette Assembly Plant in Bowling Green, Kentucky. The announcement comes from the National Corvette Museum on Tuesday.

Assembly Plant Tours are available for six weeks in the summer and they come to an end on the same week as the National Corvette Museum's Anniversary Celebration. Those dates are:

- July 20–24
- July 27–31
- August 3–7
- August 10–14
- August 17–21
- August 31–September 4

The NCM is offering 12 tours on each day with the first one getting underway at 8:15 am while the last tour departs at 2:15 PM. Click here to book your Assembly Plant tours.

This is a great time to get inside the Corvette Assembly Plant to see first-hand how America's Favorite Sports Cars are assembled. You'll be able to see the new Grand Sports going down the line as well as the two new colors, Admiral Blue and Pitch Grey Metallic.

Our last trip to the factory happened on during the week of the NCM Bash in April and we were able to see the new Quail Silver ZR1Xs both on the line as well as at the end of the line where the finished cars were getting one more look over before being sent to their dealers for delivery. There is always something cool to see and we can't wait for our next trip the plant.

Don't miss this exciting opportunity! Visit the NCM's Plant Tours page today and get your Tour Tickets.

SCAM ALERT Some car clubs and shows have been targeted by scammers impersonating them and have set up fake sites that mimic their pre-registration.

If you suspect fraud, the best advice is to be cautious and contact the organization through a known email, phone number or source. Showing up to pay at the gate may be a waste of time for events that only have prepaid registration.
