President's Message

www.easternmasscorvetteclub.org

EMCC members let's go to our seventh month of cruises and events.

The cruising season is getting close to the end. The Tuesday Static cruises are going great at the Dairy Queen in Foxboro with the second on has pizza. Soon we will move to Tag's garage for the winter.

Wednesday lunches are continuing as always all year long. Couple of the wives have joined us for lunch too.

Bass Pro car show continues though October which we attend.

We enrolled two new members last week bringing the total membership to 109.

Our next cruise this month will be a Fall Foliage cruise. This is usally our final annual cruise and ends with a ice cream stop.

So EMCC get ready to end another exciting cruise season full of events and FUN!

Save the wave.

We will be cruising to Myricks Airport in Berkley, MA on Sunday, Sept. 20th for their annual Fly-In hosted by the Myricks Airfield Foundation. It features vintage, modern and experimental aircraft, classic car displays and there will be a community barbecue with hotdogs and hamburgers available to purchase. The event takes place at Myricks Airport at 168 Padelford St. in Berkley, MA. It runs from 10:00am - 4:00pm. Free Admission. Please bring chairs and water because there is no shade ...it's an airfield. There are bathrooms there.

Meet at the Chateau Restaurant on 466 King Street in Franklin, MA at 11:15am and leaving at 11:30am. If you have questions, please call or text Bob Gardner.

Newport Car Museum

Story: Frank Fontana; Photos: Frank Fontana, Bob Gardner & Gary Crandall

Our trip to the Newport Car Museum was on Saturday July11th consisting of a joint cruise with BSCC and NECC. It was a great day for a cruise as we departed the Chateau Restaurant lot at 11:15 with 14 cars consisting of EMCC, BSCC, and guests joining in. We arrived at the Museum around 12:15 where we met up with other club members along with a contingent from NECC. The museum arranged a corral with a welcome entrance banner. It was great seeing around 30 cars glistening in the bright sun.

We were warmly greeted by the staff who thanked us once again for supporting the museum over the years and welcomed first time visitors as well. It was "Hoods Up" weekend allowing us the opportunity to view each car's engine complimenting the pristine vehicles the museum has to offer.

Many of the cars are long time exhibits but they still receive glowing compliments as each time the viewer sees something new that sets them apart. The layout of the museum sets the tone as it flows seamlessly from one era and genre to the next. As Corvette owners, we're immediately drawn to that exhibit alongside the Ford counterpart section. International cars are in the center along with a Porsche racing area and the "Fin" cars of the 50's and muscle cars of the 60's and 70's. There is also a Mopar exhibit as part of the overall presentation.

It's always a great take and we were pleased to be joined by the 2 other clubs. We proceeded to the Portsmouth Publick House for a late lunch. Everyone had a great time.

Thanks again for the excellent turnout!! We had a great day.

Meet, Tess!

Story: Gerry Criscenzo; Photos, Tess's Dad,

Tess is six years old, and according to her dad, who reached out to us via an email through our website, has been in love with Z06s since she was 3. He wrote, "She loves the 23 purple Z06 but she recently fell in love with a 63 C2."

Look at that smile! Clearly, she is the bright future and next generation of Corvette Enthusiasts who will "Save the Wave!" She and her Dad regularly attend Cars and Coffee events! That's great parenting, right there!

Her Dad, asked if we did Junior Memberships and informed him that its been discussed but not currently. I offered him something else; a "Future Member Certificate!" that I drafted up. He asked that I not publish their last name, though it is on the certificate. I mailed that to her along with an EMCC pin and windshield decal.

He said that she was so excited when she received the letter addressed to her from EMCC, that she ripped the envelope to shreds. I sent him a file to print out the one she is holding in the photo. :)

He wrote, "You made a little girl VERY happy today! She is super excited and already told me she can't wait to meet you guys!
Thanks again for making a 6 year olds dreams come true. "

I'm sending them a copy of this Vette Gazette

Tess, we can't wait to meet you, too!

Remember,
Save the Wave!

California Man's 69-Years of Continuous Ownership of his '57 Corvette Earns Him a Guinness World Record. By Mitch Talley -Aug 10, 2026

A 1957 Corvette from Carlsbad is challenging the Guinness Book of World Records for the title of "longest continuous ownership of a vehicle from new" at an event on Wednesday, August 12, 2026, 3 - 5pm at The Shoppes in Carlsbad (west end parking lot). All documentation is complete; this is a birthday event for Bill Hatch's 1957 Corvette that he bought new and has owned continuously will be present, along with the Mayor, members of North Coast Vettes (Bill Hatch is a long-time member), and six other Corvette clubs from Southern California will be present to herald the title. Open to the public; free.

Full story at https://www.corvetteblogger.com/2026/08/10/california-mans-69-years-of-continuous-ownership-of-his-57-corvette-earns-him-a-guinness-world-record/?

SCAM ALERT Some car clubs and shows have been targeted by scammers impersonating them and have set up fake sites that mimic their pre-registration.

If you suspect fraud, the best advice is to be cautious and contact the organization through a known email, phone number or source. Showing up to pay at the gate may be a waste of time for events that only have prepaid registration.
