Vette Gazette

Also on easternmasscorvetteclub.org 1st Issue 2025

Let the Cruising Begin!

President's Message

www.easternmasscorvetteclub.org

Hello Everyone!

First off, my apologies for the delay in getting this first issue of the Gazette out to you, but I made sure it was packed with a lot of fun stuff like our Anniversary Party, Indoor racing, Cosmic Bowling, St Patrick's Day and much more! On a business note, we installed our new Executive Board on March 1 and I am truly grateful to once again work with such a great team. I want to thank our outgoing Social Director, Eric Hart, for his tremendous efforts and welcome the return of Bruce Kolovson.

So, why the Gazette's delay? Well, frankly, updating our club's By-laws took an urgent precedent, and turned out to be a far bigger job than expected. Big thanks to the By-laws committee. It ate up far more hours than I care to admit or planned on! But now that they've been put out to the membership and on the table for a vote, I'm thrilled to finally turn our attention to what we all really care about—Cruise Season 2025!

We've already been blessed with some great weather and a few enjoyable static cruises, including several indoor ones earlier this year—big thanks to Bob Taglienti for helping make those happen. It's already shaping up to be a fantastic year.

As you flip through this issue, you'll see highlights from some of the great off-season events where we've had a lot of fun. And looking ahead, one event I'm especially excited about is the joint cruise with our friends from the North Shore Corvette Club on July 13th. I really encourage everyone to attend. It's a great opportunity to build connections and becoming very important to show support between our clubs. Full details are on our website, and we'll also send them out via email soon. And, to any other clubs reading this, I encourage you to connect with other clubs and support each other. Our future as Corvette clubs is going to rely on each others support.

Here's to a great 2025 filled with enjoying our great cars in the company of great people, and making long lasting memories.

Stay safe out there—and don't forget to save the wave!

Humor Me

www.easternmasscorvetteclub.org

I'm not convinced these two don't drive around together just to make everyone laugh because I know I would.

Having a project car really shows you how little \$1000 is.

In 2008, a man from Chicago bought a car for \$600, registered it in his ex-girlfriend's name, then parked the car at O'Hare Airport and racked up 678 parking tickets totaling \$105,000.

Recipe of the Month

Submitted by Donna Crandall (EMCC Secretary)

Ingredients

- 4 chicken breasts, boneless, skinless
- 1 cup roasted red bell peppers, sliced
- 1 cup tender fresh spinach
- 1 cup mozzarella cheese, shredded
- 2 tablespoons olive oil
- 1 teaspoon garlic powder
- 1 teaspoon Italian seasoning blend

Salt and fresh ground black pepper, to taste

Directions

Preheat your oven to 375°F (190°C).

1. Gently cut a deep pocket along the side of each chicken breast, being careful not to slice all the way through.
2. Stuff each chicken breast generously with roasted red peppers, spinach, and mozzarella.
3. If needed, secure the opening with toothpicks to keep the stuffing intact.
4. Combine olive oil, garlic powder, Italian seasoning, salt, and pepper in a small bowl. Brush this mixture evenly over both sides of each chicken breast.
5. Arrange the stuffed chicken in a baking dish and bake for 25–30 minutes, or until the chicken is thoroughly cooked and no longer pink in the center.

**ROASTED RED PEPPER, SPINACH, AND
MOZZARELLA STUFFED CHICKEN**

Static Cruises

Story , Photos: Gerry Criscenzo

This year started early and indoors, thanks to Bob Taglienti hosting us at his shop in Norfolk.

He supplied steamed hot dogs, chips, and beverages for our first “Pizza Static. Thank you, Bob! We’re back at DQ now that the weather is finally nice, well, sometimes.

41st Anniversary Party

Story , Photos: Gerry Criscenzo,. Photos also by Chrissie Devlin.

Our 41st Anniversary was celebrated February 21, at the Double Tree Hilton in Milford, MA; Great people, great food and a lot of fun. The club purchased and gave away \$1000 in raffles which were distributed to quite a few lucky members by our lovely Raffle Queens, Mal and Judy. Eric Hart was presented with a plaque for his service as Social Director, and Steve Sylvia was presented with the coveted President's Award.

Barrett Jackson Night

Story , Photos: Gerry Criscenzo

Ed and Joanne Forsberg once again hosted the EMCC Barrett Jackson Night at their home. \$20 gets you into the game of guessing how much the hammer price will be for any Corvette that comes up on the block in addition to some other GMs. It also gets you pizza, snacks, Joanne's chili, and her amazing Apple Crisp and ice cream. John Forbes took home the big money, followed by Peter Musto and Steve Sylvia ! It's a great night that we look forward to every January in the off-season of cruising. Thank you, Ed and Joanne.

Meeting of the Clans

Story , Photos: Gerry Criscenzo

Annually, every March, representatives of over 20 N.E. Corvette clubs meet and discuss the cruises and events we all have planned. Mal Smith and Karen Blandini organize the event at Corvette Mike's dealership in Carver, MA. Thanks, Mike!

Bruce and I represented EMCC. Frank Fontana is also a member of and represented South Shore Corvette. We also take this opportunity to collectively discuss what works in our clubs and challenges that we face.

A conversation between Alan Factor (North Shore Corvette) and I resulted in planning our first dual club event on July 3, 2025. Watch for details which are also on our [website](#).

Showtime!

Story , Photos: Gerry Criscenzo

EMCC's Mal Smith and Judy Pitasi, with friends, made a surprise appearance at my show at The Jetty in Marshfield this past May 3.

Always nice and more fun when friends are in the audience.

Showtime 2!

Story , Photos: Gerry Criscenzo

Are you a Science Fiction fan? Article 92 is a new "alien conspiracy" movie winning awards at several indie film festivals and will soon be available to stream on Amazon Prime.

One of it's stars and associate producers is my Stepson, Coleman Cecca, in the role of a serious bad-ass hit man; being touted as the next "Arnold!" See the trailer on [IMDB](https://www.imdb.com/title/tt10101010).

Lunch!

Story , Photos: Steve Campbell

The winter has finally passed us by. Over the bleak season, many members of EMCC take a break out of the work week and join together for lunch at one of the chosen restaurants in our area. Steve Sylvia manages each week's lunch venue, and from a dozen to over twenty members join for a community lunch with lots of laughs.

On April 23, over 25 members, including wives, met at one of our favorites: Evviva Trattoria in Wrentham, located near the intersection of Rt 1 and Rt 495.

Our friend Joe, the Maître D, had our room all ready. The food here is excellent and so is the service. The day was bright, sunny, and warm, so we all brought our Corvettes out to celebrate the beautiful day and delicious food. For those members who can break away for an hour or two on Wednesday at noon, please join your club members. It's always a treat.

The Villages, FLA!

Story, Photos: Gary Crandall

In March, Donna and I made plans to travel to Florida and stay near the Villages in Central Florida. The Villages are located about an hour drive north of Orlando. I have a former co-worker who lives in the Villages, and we know that Keith Jacobson a long term member of EMCC, also lives in the Villages. There are 4 major developments within the Villages, Brownwood Paddock Square, Lake Sumter Landing, Spanish Springs, and Sawgrass Grove. Each of these areas are unique and offer a wide variety of activities such as golf, recreation areas, trails and parks, evening entertainment, shopping and health and wellness.

Donna and I met up with Keith who is a full-time resident of the Villages, and it just so happened that there was a very large car show planned and there were about 15 Corvettes from the Village Vettes Car Club of which Keith is a member. Keith was very happy that we sought him out and we thoroughly enjoyed our afternoon in the 75–80 degree temperatures with zero humidity. If you have never been to the Villages, get ready for Golf Carts. Having a golf cart in the Villages is a necessity as it is the primary mode of transportation in each of the Villages. They have their own roads and bridges that facilitates safe travel. I took a bunch of photos from the car show so you can imagine being there without being there.

Pinch's Wash & Shine!

Story , Photos: Steve Campbell

A sunny Saturday in May means it must be time for Pinch's Wash and Shine. On Saturday, May 3rd, EMCC member John Pinciario opened the doors and parking lot to his business, CJP and Sons in Millis, for members to show up, wash their cars, enjoy coffee and donuts and other treats, and start the celebration which is Spring.

This year, a dozen members showed up and spent the morning detailing their cars and enjoying the fellowship and good food complimentary of the Pinciario family. John and his brother Joe welcomed us all, and it was a glorious way to begin the Corvette Cruising Season. If you missed this year's event, it will be on the calendar for next May.

Thanks, Pinch and family!

Supercharged!

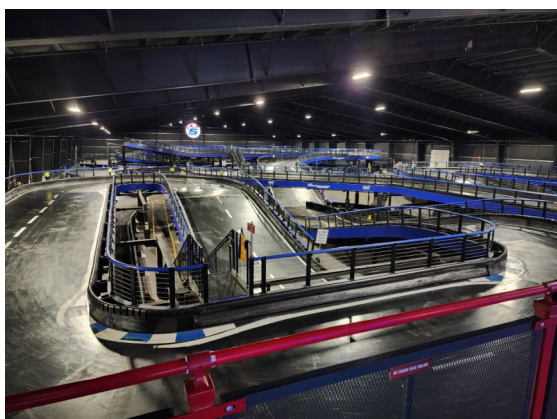

Story , Photos: Gerry Criscenzo

Cathy and Phil Wesalowski organized a cruise to "Supercharged" in Plainville, MA on Rt1. It's one of the largest indoor tracks in the country, and uses electric cars. The track pictured below is only have of it. On Tuesday nights, they join two tracks together.

It's a great family function place for the whole family with lots of different amusements. It also has ax throwing and a great bar; two things you really want to put together.

I had plans to race but had badly injured my knee and was unable to get in and out of the cars. Marty Garvey had the fastest times of the crew that raced. Actually, his times beat most of the people who raced that night! Bringing his own helmet should have warned us.

Definitely a lot of fun.

Celebrating the Early Roots of Corvette at 'The Glen'

Submitted by Scott Sutcliffe

By corvettemuseum: <https://www.corvettemuseum.org/celebrating-the-early-roots-of-corvette-at-the-glen/>

On October 2, 1948, the small village of Watkins Glen, New York began a new chapter in the history of American motorsports.

The village hosted the inaugural Watkins Glen Grand Prix, the first major road race held in the United States after World War II. Daring men raced their machines around a 6.6-mile course, which combined the village streets and county roads winding through the woods south of Seneca Lake.

The Watkins Glen Grand Prix became an annual event, and in 1951 Harley J. Earl attended the race. Known today as the "Father of the Corvette," Earl was inducted into the Corvette Hall of Fame's first class in 1998. As the head of General Motors Styling, he came to Watkins Glen to display his GM dream car, the Le Sabre. But what made the biggest impression on Earl was the thousands of fans cheering for all the European makes. He later credited this visit to "The Glen" as the inspiration for designing the Corvette, "America's Sports Car."

But what made the biggest impression on Earl was the thousands of fans cheering for all the European makes. He later credited this visit to "The Glen" as the inspiration for designing the Corvette, "America's Sports Car."

This September, the National Corvette Museum returned to these fabled streets for the Watkins Glen Vintage Weekend. This event celebrates the early days of racing through the village. Corvette was the featured marque for this year's festival, taking part in a special "Showcase of Speed" display of Corvette race cars.

Piloted by Brian Baker, National Corvette Museum Director of Education and Community Outreach, the Museum's Mobil 1 Corvette Stingray paced some of the most famous Corvette race cars in history. Baker led a rare opportunity to run several laps of the original street circuit in front of 20,000 cheering fans, retracing those early racing lines that made "The Glen" iconic.

Following the pace laps, Baker presented a session, "70 years of the Corvette in popular culture" on Saturday evening. The presentation included stories, themes, music, and advertisements from the Museum's latest exhibit, "An American Love Affair: 70 Years of Corvette." Hosted by the International Motor Racing Research Center, other discussion topics included the Solid-Axle Corvettes by noted author Alan Blay, who drove his 1953 C1 #76 From Merrick NY for the weekend.

The National Corvette Museum was honored to represent our members and the Corvette community at this historic gathering. Harley Earl's visit in 1951, and the birth of Corvette 70 years ago, are forever tied to the colorful history of auto racing in Watkins Glen.

Discover the magic of Watkins Glen with Brian Baker's captivating video tour – it's a journey you won't want to miss!

The Last Stand: Ahnold!

Source: <https://screenrant.com/last-stand-car-corvette-real-explained/>

In the movie “The Last Stand” Starring Arnold Schwarzenegger, the antagonist is driving a **modified Corvette ZR1** for approx. 4hrs maintaining speeds of 120mph with bursts up to 200mph. Apparently, only two of the seven cars were returned to Chevrolet, as the others were destroyed in the film . The movie was accused of being an almost two-hour advertisement for the Corvette.

“Wrong Number ” Text Scams

By Gerry Criscenzo, High Rock IT Management & Consulting

If you’ve ever gotten a random “Hello” or “Hope you had a good day” text from a stranger, don’t write it off as a mistake—it’s likely the start of a scam.

These “wrong number” scams are exploding. According to McAfee ([via CNBC](#)), about **25% of Americans** have received them. The goal? Trick you into replying, build fake relationships, and eventually steal your money or personal info. “[Pig Butcher](#),” [Unpaid Toll](#) or [Parking Fees](#) are three very prevalent easy to fall for, and dangerous scams.

[The FTC says \\$470 million](#) was lost to text scams in 2024 alone—a **fivefold jump** from 2020.

How It Works

1. **You get a random message**—simple, friendly, and vague.
2. **If you reply**, they know your number is real.
3. Then comes the long con: the scammer builds rapport (often romantic) and eventually tries to get you to invest or hand over savings. Even if you don’t fall for it, any info you share can be used or sold.

Scammers now use **AI** to tailor these messages by location, harvest info from social media, and even lock down accounts for ransom.

What You Should Do

- **Don’t respond.** Even a “Who is this?” confirms your number.
- **Don’t try to figure out if it’s someone you know.** If it’s legit, they’ll follow up another way.
- **Watch for urgency or emotional triggers**—hallmarks of scams.

How to Report or Block These Texts

- **iPhone:**
 - Tap *Report Junk* at the bottom of the message
 - Or swipe left > tap Trash icon > *Delete and Report Junk* (Note: You can’t report it if you’ve replied—yet another reason not to.)
- **Android (Google Messages):**
 - Tap and hold the conversation
 - Select *Block > Report spam > OK*
 - Or open the convo > *More options > Details > Block & report spam > OK*
 - [Forward spam texts to 7726](#) (it helps your carrier block them).

Scammers are getting more dangerously sophisticated with Ai. Stay one step ahead—don’t take the bait.

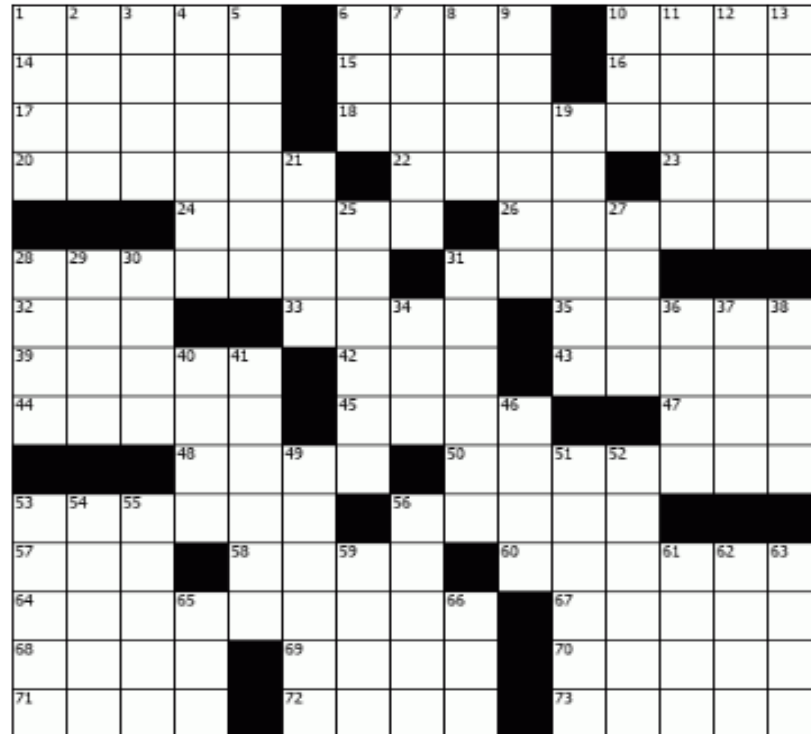

Stay Sharp!
