ABOUT US

Proconlive is a boutique agency specializing in bespoke conferences and corporate retreats. Creating meaningful experiences through connection and excellence, expertly crafted to bring your vision to life. All enhanced by cutting-edge technology and driven by sustainability.

We offer a turnkey solution from concept creation to execution, combining creative vision with operational precision to design experiences that are seamless, inspiring, and socially responsible.

By integrating digital technology and sustainability principles, we reduce the environmental footprint while amplifying client brand value.

Our Philosophy

“Creating meaningful experiences through connection and excellence, expertly crafted to bring your vision to life.”

OUR SERVICES

Conferences

Boutique conferences, expertly crafted to bring your vision to life. Whether it's an intimate executive briefing or a large-scale hybrid summit, we design conferences that go beyond logistics - creating meaningful connection and measurable impact for every delegate in the room and attending remotely.

- **In-Person Conferences** - fully bespoke, boutique-managed events - every detail built around your brand and your delegates.
- **Hybrid Conferences** - seamlessly blending in-room energy with a polished virtual experience, enhanced by technology and designed to lower your carbon footprint.
- **Virtual Conferences** - expertly crafted digital experiences that keep connection and excellence front and centre - proving distance doesn't have to mean disconnection.

Corporate Retreats

A professionally hosted, five-star experience, expertly crafted to bring your team's vision to life. Step away from the boardroom and into a space designed for clarity, connection, and renewed purpose - where strategic outcomes meet curated experience, from leadership offsites to wellness-led team escapes.

- **Leadership, Executive, Team Building with Wellness** - every retreat is built around your people. We design leadership offsites that sharpen strategic thinking, executive sessions that align vision across the table, and team building programmes that turn colleagues into collaborators.
- **Highly Customisable, World-Class Venues** - from a private stretch of coastline to the folds of the Berg, the wide horizon of the bushveld, or a working wine estate - we source and manage venues matched to your purpose.
- **Flights & Executive Transfers** - charter flights, private transfers and every logistic in-between - coordinated door-to-door so the only thing your team has to plan is what to wear.
- **Exclusive Luxury Accommodation** - private villas, boutique lodges and five-star estates secured exclusively for your group.
- **Private Chef & Curated Dining** - menus built around your group by private chefs - from sundowner canapés to a formal gala dinner under the stars.
- **Team Building & Activities** - programmes designed with intent - from high-ropes and off-road adventures to facilitated strategy workshops and wellness sessions.
- **Event Technology & Sustainability** - a considered blend of wellness and strategic downtime, with optional activities including quad biking, coastal trails, and horse riding.

Go Digital

Our digital offering combines event technology and digital marketing under one boutique roof - designed to extend your event's reach and deepen engagement before, during, and after the day itself.

- **Event Technology**

Branded event apps, digital RSVP and ticketing, onsite RSVP solutions, livestream virtual events, and interactive event websites.

- **Digital Marketing**

Audience reach via social, email and telemarketing; engagement before, during and after the event; measurable ROI; and a distinctive event brand.

WHY CHOOSE US

- **Boutique by design** - dedicated, hands-on coordination - highly personalized. You get direct access to senior people who know your event inside out.
- **Bespoke, every time** - every conference and retreat is uniquely tailored around your needs. Built from the ground up around your goals, your brand, and your people.
- **Meaningful experiences** - we create connection and excellence - designing moments that resonate long after the closing applause.
- **Expertly crafted, start to finish** - from first concept to final execution, we translate your ideas into a fully realized experience - precise, professional, and expertly crafted to bring your vision to life.
- **Enhanced by technology, driven by sustainability** – customised event technology, paired with a genuine sustainability commitment - so your event performs brilliantly without costing the planet.

OUR SUSTAINABILITY

Hybrid events - 50% in-person participation (and 50% virtual) have the potential to slash overall carbon footprint and energy use by two-thirds. Choose an eco-friendly venue, sustainable practices, add digital event technology and marketing to further reduce your carbon footprint. www.netzerocarbonevents.org

CONNECT WITH US

Let's bring your vision to life. Whether you're planning a bespoke conference, a five-star corporate retreat, or a fully digital event experience - our boutique team is ready to craft something memorable together.
