

Letter of Recommendation

Dear Fellow Real Estate Professional,

As the Broker/Owner of International Golf Realty, I am recommending Chuck Zitsman and his company, Estate Publishing for their custom publishing and networking services.

For the past few years I have worked with Chuck to develop and produce the Village Home Living magazine. VHL is our quarterly custom real estate advisory publication that is direct mailed to 1000 residents in the World Golf Village community.

I'm very pleased with the professional quality of material and content that Estate Publishing instills in each of our editions of the Village Home Living.

In conjunction with publishing our magazine we have developed a network and a special relationship with a select group of real estate related businesses. These businesses sponsor our magazine and join us for our quarterly mixers.

The Estate Publishing program has provided International Golf Realty with a high end marketing tool that sets us apart from all of our competitors. Also, our preferred business networking group has enhanced our standing within the local business community.

In conclusion, as the first real estate company to work with Estate Publishing in the development of this program, I am pleased with how this project has evolved, and I look forward to continuing our magazine and network group for the foreseeable future.

Sincerely,

Marilyn Golden

Broker/Owner of International Golf Realty
