

# 50

**things to do**

  
**five**

50 Things to do before you're 5', is a bucket list of fun and educational activities for families to do - all low-cost or no cost! These activities get children talking and help solve the problem of children starting school with low literacy levels, language skills, or just a lack of life experiences. Many of the 50 things ideas easily transfer to fun activities for the whole family.

With the ever increasing cost of living why not also highlight the events tab to parents, carers and family members as it provides information on low or no cost events that can be enjoyed by the whole family.
