Welcome!

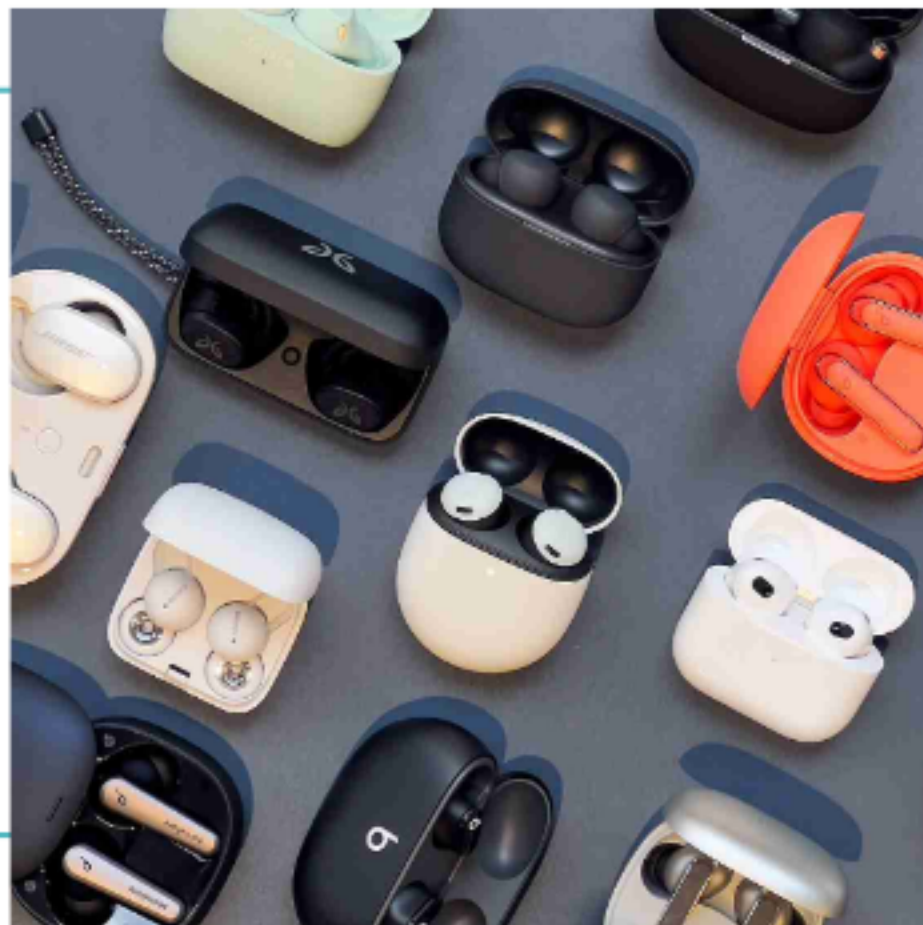

Shenzhen Giimake Biz Technology Co., Ltd.,
Established in 2009, has been deeply rooted in
the OEM/ODM manufacturing sector for 16 years.
Guided by the core philosophy of
'Professionalism, Efficiency, and Innovation', we
are committed to providing global clients with
one-stop solutions spanning design and
development to production and delivery.

Giimake

Bluetooth EarBuds

Giimake Wireless Earbuds keep you ahead of the curve. Equipped with cutting-edge audio technology, they deliver immersive sound, adapt to your environment with intelligent noise cancellation, and keep you connected seamlessly—all while adding a sleek, modern edge to your everyday style.

Earbuds Types:

- Open earplugs
- In-Ear Earplugs
- Sports Earplugs
- ANC/ENC Earbuds
- Customized Earbuds

More info: sales@giimakebiz.com

Giiimake

Open Earplugs

Features:

Open acoustic design, does not block the ear canal, through the air vibration transmission of sound, taking into account the ambient sound perception.

Advantages:

- Comfortable to wear
- High safety
- Natural sound field

For more models, images, specifications, please email us!
sales@giiimakebiz.com

Giiimake

In-Ear Earplugs

Features:

Penetrates deep into the ear canal and physically isolates outside noise through silicone earplugs.

Advantages:

- Good sound isolation
- Strong sound immersion
- High stability

**For more models, images,
specifications, please email us!
sales@giiimakebiz.com**

Giiimake

Sports Earplugs

Features:

Designed for sports scenarios, emphasizing water resistance, sweat resistance and solidity.

Advantages:

High protection level

Stable fit

Physical button operation

For more models, images, specifications, please email us!
sales@giimakebiz.com

Giiimake

ANC Earplugs

Features:

Picks up ambient noise through the microphone and generates a reverse acoustic wave to cancel it out.

Advantages:

Significant noise reduction effect
Strong scene adaptability

For more models, images,
specifications, please email us!
sales@giiimakebiz.com

Giiimake

Game Earplugs

Features:

Focus on high resolution and tuning technology, designed for gaming scenarios, emphasizing low latency, sound localization and voice communication.

Advantages:

- Ultra-low latency
- Surround sound
- Unit configuration high-end
- High-resolution encoding support
- Professional microphone
- Long battery life and fast charging

For more models, images, specifications, please email us!
sales@giiimakebiz.com

Giiimake

Customized Earplugs

Features:

Unique appearance and design to appeal to a specific group of users.

Advantages:

High value

Additional features

WIRELESS LAN CARD

Unleash next-gen connectivity with the Giimake Wireless LAN Cards.

It is Dual-band, drive-free, plug-and-play, high-speed, whether for gaming, streaming, or seamless remote work, our adapter delivers blazing-fast speeds and rock-solid stability.

Key Features:

150Mbps 2.4GHz

Chip: mt7601

Freely Rotating Antenna

Model No.: MTK7601-1

Giimake

WIRELESS LAN CARD

Unleash next-gen connectivity with the Giimake Wireless LAN Cards.

It is Dual-band, drive-free, plug-and-play, high-speed, whether for gaming, streaming, or seamless remote work, our adapter delivers blazing-fast speeds and rock-solid stability.

Key Features:

1300Mbps Dual-band 2.4G/5.8G

Win 10/11(32/64 bit) driver-free

Analog AP Function

Model No.: 8812RMTX2

Giimake

WIRELESS LAN CARD

Unleash next-gen connectivity with the Giimake Wireless LAN Cards.

It is Dual-band, drive-free, plug-and-play, high-speed, whether for gaming, streaming, or seamless remote work, our adapter delivers blazing-fast speeds and rock-solid stability.

Key Features:

1300Mbps
4 Antennas 2.4G/5.8G

Win 10/11(32/64 bit) driver-free
IEEE802.11b/g/n

Model No.: 1300MTX4
