Quarter page (\$150)

What is the “program?” Sometimes this is referred to as the “Playbill.” It is the brochure handed out at each theater production, which contains information on the cast and show. Your advertisement is part of the program which is printed and posted online.

What are “season tickets?” These allow you, anyone in your company, or anyone to whom you give the tickets to attend any Playhouse production. While season tickets can be purchased separately, they are included in sponsorship packages.
