據《新安縣志》記載，清廷為了防禦海盜，於康熙年間(公元1662至1722年)建造此炮台。另按史籍所記，此炮台乃是兩廣總督楊琳在其任內(公元1719至1724年)下令建造，共有15間營房及八座大炮。鑒於炮台位處僻遠的東龍洲，在補給和支援方面均有困難，故於嘉慶十五年(公元1810年)撤離軍旅，原有軍隊和軍備移駐九龍，炮台從此荒廢。

According to the *Xin'an Gazetteer*, the Fort was built in the reign of Emperor Kangxi (AD 1662-1722) in the Qing dynasty with the objective of suppressing pirates. Another source suggested the Fort was built by the order of Yang Lin, the Viceroy of Guangdong and Guangxi in the period of AD 1719 to 1724. It consisted of 15 guardhouses and was armed with eight cannons. Because of the difficulty in maintaining and supplies to the Fort which is on a remote island, it was evacuated in the 15th year of Jiaqing reign (AD 1810) and the garrison and the arms moved to Kowloon, leaving the Fort to fall in ruins.
