

# Meet Tonya Boyd- Cannon

Not just an artist, she is an experience, an educator, a vessel, and a movement all her own.

## TONYA BOYD-CANNON

ARTIST • EDUCATOR • SPIRITUALIST • PHENOMENON

Some voices entertain. Some uplift. Tonya Boyd-Cannon transforms. A Mississippi-born, Louisiana-raised vocal force, Tonya is a singer-songwriter, music educator, and spiritual practitioner whose presence radiates confidence, compassion, and an unshakable devotion to the healing power of sound.

She is a woman who does not simply perform music - she channels it, shapes it, teaches it, and uses it as a conduit for restoration. A classically trained musician and nationally recognized educator, Tonya brings a depth and intentionality to her craft that transcends genre. Her signature sound places vibe, storytelling, and soul-centered expression at the heart of every performance. Whether she's moving listeners through heart-stretching ballads or igniting crowds with jazz, funk, rock, gospel, or blues, Tonya refuses limitations - her music ebbs, flows, and expands the moment it touches the air.

As a vocal phenomenon, she has built an illustrious career marked by multiple singles, EPs, full-length albums, and dynamic collaborations. Each release showcases her vocal mastery and her commitment to creating music that is as healing as it is sonically rich.

Her work has consistently garnered praise from both media and critics, solidifying her as a beloved creative force.

Her performances span global stages from the New Orleans Jazz & Heritage Festival to Colombia's Mompox Jazz Festival yet her impact reaches far beyond the venue. Tonya leaves an imprint on the spirit. Her voice lingers. Her message resonates. Her presence shifts the room.
