

There's nothin' like the Holy Spirit

[Intro]

There's nothin' like the Holy Spirit
When He moves, you're gonna feel it

[Verse 1]

I've tried comfort in the world's embrace
But it fades like wind without a trace
Then the Spirit filled my chest
And I found peace, I found rest
He's a whisper, He's a flame
He's a river I can't tame
He lifts me up when I fall low
He's the fire in my bones

[Chorus]

There's nothing like the Holy Spirit
When He speaks, you're gonna hear it
He moves deep down inside
He brings the dead to life
There's nothing like the Holy Spirit
No, there's nothing like the Holy Ghost

[Verse 2]

He shows up when I pray
Fills my words with what to say
He's the comfort in my storm
He's the oil, He keeps me warm
I don't need no signs and smoke

Just one touch and chains are broke
Feel Him rushin' through the place
Fills my heart with holy grace

[Chorus]

There's nothing like the Holy Spirit
When He speaks, you're gonna hear it
He moves deep down inside
He brings the dead to life
There's nothing like the Holy Spirit
No, there's nothing like the Holy Ghost

[Bridge]

He's my guide, He's my song
He's been with me all along
He's the breath that lifts my praise
He's the power in my days

[Chorus]

There's nothing like the Holy Spirit
When He speaks, you're gonna hear it
He moves deep down inside
He brings the dead to life
There's nothing like the Holy Spirit
No, there's nothing like the Holy Ghost

[Outro]

(Nothing like the Holy Ghost)
