## LD GUIDES IS NOW OFFERING SUMMER SAGE RAT HUNTS!

After first cutting there will be a two week window to shoot sage rats on freshly cut crops. This is a newly available option this year that was prompted due the long winter that delayed the rats in the spring. Many of landowners have reached out to me promising lost of rats if shooters are interested.

Only morning shoots will be offered from  
7:00 am to 12:00 pm \$170 per person per day
