## With an interest in civics.

I married my husband, Mark, in 1998. Our son is attending a Wisconsin University.

We designed and built a Victorian style home near **Josten Park** as a nod to our appreciation of antiques, history, and artisanship.

My hometown is Two Creeks, Wisconsin.

I graduated in 1991 from UW-Green Bay with a Business Administration degree.

I have resided in Brown County since 1991 and in **Bellevue since 2001**.

I was a 20-year business owner (1999-2019) of Pension Inc., a financial services business. I continued my 30-year tenure with Pension Inc. in legal and compliance areas until my retirement in July of 2021.

I offered my leadership for Bellevue Village President in Spring of 2021.

- Friends of Bellevue Parks volunteer (2011-present)
- Bellevue Citizen's Academy (2012)
- Bellevue Economic Development Advisory Board (2013-2018)
- Bellevue Business and Professional Association Officer and Board Member (2014-present)
- Bellevue Ethics Board (2019-present)

## Value Centered Goals

### A choice for office.

My civic life is a citizen concerned with the affairs of the community. Serving as a Bellevue Village Trustee supplies a vote towards achieving goals.

I have chosen to attend village board meetings since 2012 and budget work sessions since 2017.

### A focus on Bellevue.

#### LONG-RANGE FOCUS:

Deliberate choices for infrastructure investments & pavement management to shape the community.

#### MID-RANGE FOCUS:

Develop multi-use trails to support the biking, walking, and rolling culture.

#### SHORT-RANGE FOCUS:

Enhance digital strategies to safeguard continuity during increased volumes or in times of crisis.

### A view of Bellevue.

Within Bellevue's borders you will find goods, services, and wages, to support a family through all stages of life.

I view Bellevue with green spaces and retail places that create a strong pulse of community life, retail growth, and business advancement.

## Guiding the Community

### A promise to community.

I will serve the community with your shared perspective as a resident, taxpayer, and property owner.

I will focus to advance the collective decision-making body of the village board and empower village staff to execute the vision.

I will embrace holding a public office as an act of service to all Bellevue residents.
