

Sponsor & Donor Explainer

Support fireground safety in under-resourced communities.

HazMap.ai is the first field-ready tactical clarity platform built for fireground conditions. Sponsors and donors help us bring this life-saving technology to cities and communities that need it most.

What You Can Support

Wildfire Zones

HazMap helps teams plan evacuation, staging, and access routes using layered terrain overlays and spatial intel.

School Safety

Map floorplans, exits, and hazards in advance—giving first responders clarity during school-based incidents.

Industrial Sites

Visualize hazard storage, access points, and suppression strategies before arriving on site.

What Sponsors Receive

- ✓ Recognition in recap reports, presentations, and social media.
- ✓ Co-branding options in select cities and media content.
- ✓ Amplify our public safety innovation story through co-branded outreach.
- ✓ Measurable impact reports where your contribution makes a difference.

Suggested Giving Tiers

- Mission Ally (\$5K+): Name on thank-you materials and sponsor list
- Impact Sponsor (\$15K+): Co-branding in pilot zone materials and recap reports
- Founding Partner (\$50K+): City co-branding, logo in NFPA recap, and future video/demo inclusion

How to Engage

- ➔  Scan the QR code at Booth D5 in the NFPA LIFF Theater
-  Visit hazmap.ai to sign up and download our Partner Briefing Kit
-  Meet our team onsite to talk impact, innovation, and sponsorship opportunities
