

# LOWRANCE<sup>®</sup> UNIVERSITY

February 14, 2026

AT

Cabela's<sup>®</sup>

Join Mark O'Neill, Lowrance Electronics Marine Electronics Educator for a unique learning opportunity

## Understanding Your Lowrance—Advanced Class

Held at Cabela's in Hoffman Estates, IL, in upstairs conference room

In this session, you will receive instruction on the setting up and operation of Lowrance Fishfinders/Chartplotters

Whether you're a techno-novice or expert, you're sure to learn something new to help get the optimum performance out of your Lowrance Electronics

- Explore the latest in marine electronics technology from Lowrance:

- This class will build on what is taught in the "Understanding Your Lowrance - Basic" class  
Waypoint management - Networking - Power management - Lithium /Lead Acid Battery Options  
Active Target-Live sonar details and clarification of mounting options - S3100 Hub  
Trolling Motor interface and other advanced operations - Lowrance 360

- Large flat screen display to project HDS output along with Powerpoint presentation
- Course runs from 9:00 am to 12:00 pm and course fee is \$35.00
- Bring your own Lowrance unit, we can provide the power source
- **Registration is Required**
