# Cabela's®

March 25, 2023

Join Mark O'Neill, Lowrance Electronics pro staff and Marine Electronics Educator, for a unique learning opportunity

## Understanding Your Lowrance—Advanced Class

Held at Cabela's in Hoffman Estates, IL, upstairs in the Fox River Room

In this session, you will receive instruction on the setting up and operation of Lowrance Fishfinders/Chartplotters

Whether you're a techno-novice or expert, you're sure to learn something new to help get the optimum performance out of your Lowrance Electronics

- Explore the latest in marine electronics technology from Lowrance:

- This class will build on what is taught in the "Understanding Your Lowrance - Basic" class  
Waypoint management - Networking - Power management - Lithium /Lead Acid Battery Options  
Active Target-Live sonar details and clarification of mounting options - S3100 Hub  
Trolling Motor interface and other advanced operations - Lowrance 360

- Four large flat screen displays to project HDS outputs along with Powerpoint presentations
- Course runs from 9:30 am to 12:30 pm and course fee is \$35.00
- If you are to bringing your own Lowrance unit, let us know so we can provide the power
- **Registration is Required**
