President Nelson: The heart and leadership ...my reflection on reading this. I find I receive a divine feeling of love for others in my heart, the forth living center (number 4). This helps me discern when love is from God or some desire of self ambition to do good.

Good article in Meridian Magazine.

Becoming in tune with ourselves seems key to leadership and connecting with the heavens and needs of the earth. We become a Urim and Thumin or Liahona of sorts as we work together with others.

The Living Constitution —NO where to be Found. ??? Has it been found.

Because the revealed constitution is now nowhere to be found, and Joseph Smith was never able to inaugurate the "Government of God" in more than rudimentary form, the author's task of reconstructing Joseph Smith's concept of "world government" is exceedingly difficult. Recognizing the limitations of the source material, Dr. Andrus deals with the subject only in his first chapter. The remaining two-thirds of this slender volume relates to the organization and activities of the General Council, or Council of Fifty, which may have been a first step toward the political kingdom but certainly was not world government

I was in Deseret Industries yesterday and got talking to an older gentleman who hangs out at DI, often visiting with people.

We started to chat, and somehow he felt to tell me a story of President Nelson. He had served a mission in South Korea and was interested in world politics as myself.

He said he learned that Apostle Nelson was asked to travel to China to assist or do surgery - requested from the leadership in China to assist a very famous singer who was having serious health issues. Evidently the First Presidencies approved him to go to China and

do his last operation he did professionally.

I have since learned that President Nelson felt impressed to learn Chinese recently in his life. What an example of always learning about other cultures.

What an example of health he is. I testify he is our Prophet today for the Church.

What an interesting thing for the First Presidency to do? I am reminded of President Benson, in his earlier years serving in the cabinet of the US President as secretary of Agriculture - during his calling as an apostle. Here is the rest of the story. [Click here.](#)
