**2018 Feb.**

I received a Gray Rhino Dream regarding coming economic threats and how to prepare. The impact on Provo is made apparent.

**2018**

The impact of the more limited acceptance of the fullness given to Joseph - was quietly made clear - regarding priesthood for all, simple missionary powers of example, and other ways of more agency based education that could replace much of what we do now - often afraid as we teach youth and others with manipulation and social pressure. The impression was clear, the fullness was given to Joseph, but the people were not ready to accept it, so the Lord gives them (the next Prophet less, why, because they were not willing or accept more and to test them to learn to follow God.

**2017**

**August**

I feel to proclaim this political work to churches and leaders in Nauvoo. The Church leaders ask me not to share this, and yet have not read the Council of 50 papers. I respectfully disagree, and am reminded by the spirit this is not in their realm of authority, and council from the First Presidency is that the Church is neutral in these political matters. I agree this is not for discussion in Church settings or to come down from the leaders. The key test of this work is for members to follow God and personal revelation. .. and consecrating all to their bishops. That is key to development of the centers of life within us. My wife and I are guided back to Provo, by dreams given to each of us to help specific groups close to us.

**March**

Repeated promptings to proclaim this work. I feel to call Saints to live the law of consecration and discuss this with bishops. The Saviors visits me in Seoul Korea temple and confirmation of the servant leader role for this worldwide work is given. Roberta White, a sister I taught on my mission comes to me from the spirit world in a dream to remind me of a work wide mission I have. Chris Caldwell (Roberts) is prompted to share a bold testimony of this work. Confirmation from John the Revelator comes in the Taiwan temple, and prompting to write the temple President. Rejecting of this work by leadership in Nauvoo is made clear - though they have never read the Joseph Smith papers or Council of Fifty minutes.

**2016 October.**

Move to Taiwan and revealed I am to teach Gospel principles using the seven centers of the body. Confirmation in Salt Lake Temple to use essential oils in this work.

Dream of Elder Bednar in a wheel chair rising in Church leadership and asking me of this work and needing this work, a work the Church is somewhat handicap or limited in doing -(as their primary mission is to teach of Christ and the principles and ordinances of the Gospel) Stake and Ward Taiwan Church leaders are open to this and advise their wives to learn more. Several stake leaders (women) received witnesses by the Holy Ghost of this work. Before traveling to Taiwan I am prompted to attend the Roots Conference and am drawn to the Jewish booth. The spirit prompts me about my Jewish Stepmother, Joyce Diamond and her spiritual bonds we had and will have forever in doing Heavens work. I confirm her Jewish ancestry online.

**2015 Advisory Board formed.**

Joseph Smith history and Living Constitution being within the councils is discovered, and that the seven centers are the living constitution or spiritual anatomy. 7 centers revealed as

Simple Living Centers while in Jordan River Temple Hyrum Smith vision - and Hyrum figure to come forth. (date approximate)

**2014**

Advisory board formed. Small miracles attend this meetings organization.

**2013**

Revelation this is a millennial organization and the work foreseen in Ezekiel 34, by a mortal David in preparation for the eternal Davidic King.

**2012**

I am invited to meeting in the spirit world regarding this work, and international leaders that will receive in time witnesses of this work.

**2011**

Economic issues with centralization of wealth revealed by the spirit. Second witness of multitudes of Chinese comes to me. Witnesses come to a former bishop and key fundraiser at UVU regarding this work. Also marriage to Suhsin Tu, return missionary and past relief society President... Suhsin was raised in Taiwan. She had been told to come to America and blessing so great she could not imagine ..would come to her. She has learned the power of God in understanding emotions and health.

**2010**

Taken to spirit world and shown simplicity of endowment. It is revealed that Simple Living Centers are to neighborhood facilities built that they may be turned into temples one day. Ministered to by John the Revelator while in the Timpanogos temple regarding three key fiscal pieces. When traveling to California from Utah, the names Simple Living Centers and Habitat for Health revealed. Witnesses from Joseph and Emma Smith, along with multitudes of those of Chinese ancestry. Earlier witnesses come back to me - given in about 1980 and during my mission. Witnesses come to a prominent Provo man regarding this work, on the forth of July. Tipping point revelation received while ministered when doing the business plan.

2008 abt.

I learn the power of divine love in taken deep emotional pains from past generations given to me.

2004

Building sold to LDS Church for their motion picture studio, and sold for part tithing credit that I feel will help start this project. I am guided to leave a job as a director of a mental health center, and later hired to a job renovating the state capitol facilities, LDS Council Hall, White Chapel and Daughters of Utah Pioneer Museum- in addition to Capitol, House and Senate buildings.

2000

I am told this work at the Alta Vista Education Center will be a pattern for a worldwide to feed countries, that this work would start in eastern Asia, and that I would be in a parallel role to the Prophet. I resisted saying what I was receiving and the spirit said to speak the truth that I was receiving and do not deny it. Serious persecution and threats to our children and family come. I experience for three days, experiences regarding the centers of the body, and pains helping us learn, and the power to command, receive the atonement and have pains taken. The seven centers - common to all major religions - becomes a focus of study and revelation.

1999

I am told I will develop a way for mothers to teach their children to prepare for the temple. I resist acting on this feeling it is the Church's stewardship, not mine. Graduate work at BYU in family centered schools completed. My wife is visited four times from someone of Chinese ancestry and spelled the name of a child to adopt from China. Ten years of foundation and adoption work with China follows.

1997

Building site found for Alta Vista Education Center and construction finished in April. Two buildings (an east and west building) made into one. with a center second story, and a new first floor plumbing and bathrooms. We start with part time students and school councils and project based learning and service learning. Many youth make significant changes in how they see school, learning and life. The focus is on HOW to learn, and research methods.

1993 I receive an epiphany of keys to bonding and emotional health and cooperative like behavior with youth. Others are almost incapable of cooperation .. as they are driven by basic fears or abandonment.

1988

Smith Trust funds received and consecrated. Vision of Two buildings next to each other given to me... a private school for special needs students.

1987

Guided to run community college facilities program using open Councils- with honest concerns regularly expressed. Major changes and improvements come from everyday staff and students.

1980

Married to my spouse born the 15 May 1960 the day and month the Aaronic Priesthood was restored. She said the Holy Ghost witnessed to her to marry me, as she was considering a mission instead of marriage.

1979

Prompted to go to employment center and hired to work on LDS temple facilities. Before that, Home from my mission with no funds I live a short time in dad's car, and find a rental home. The adversary comes and I learn I have power to cast him out.

1978

Priesthood testimony comes powerfully - instilling D and C 121 to me. An accident on Jan. 1st of 1978 where my entire face is badly hurt and I am hard to recognize. Healing comes in 3 days and I am back to work. This event would be a pattern of my life ending I learn, and I continue to have impressions I will be killed in a major world war in the last days. A sister I baptized received a witness she tells me of a worldwide work I have. (Sister White)

1976 Called to Washington DC mission.

Near this time, I learn from a speaker on the last days of a worldwide work they are told of by the spirit regarding a man whose name is like the House of David and how he will start this work when traveling from one state to another in the future. My name means House of David in Italian, but I discard this, knowing I am someone of no significance in the world.

1974 Baptized a member of the LDS Church, in spite of concerns about Priesthood policy. I feel I will someday understand it.

1973 When reading the Book of Revelation for the first time, I am in awe as I am taken to the spirit world and shown the entire Book in Simple form and shown the division in the last days.
