Download & Share as much as you'd like for 10 years

FAQ

Do I have to have the engagement session?

Of course not...but why not when it's included?

You do have the option for exchanging the engagement session for a 16X24 Canvas as well.

Can I remove items from my package to alter the price?

As each package was specifically designed with the discounts built in, there can be no alterations to the pre-created packages.

Can I buy albums/prints separate?

Of course you can! The Product Pricing is included in this PDF.

Why do you only give the edited images?

Simply put, you don't need the unedited images. "Bad images" are blurry, improperly lit, the back of heads, or just something you'd never ever use.

How many images do I get from the wedding?

Technically, I give all the good ones. This can range from 400-900+ depending on the amount of details, time booked, guests, and time we have for posed images. The amount of activity during your reception also makes a large difference for amount of images.

I have a list of people I want pictures with, is that possible?

Yes! You and I will sit down a few weeks before your wedding to create a finalized list of guests you want pictures with and I do my very best to make sure that list gets completed.

How many extra pictures do I get with having a second photographer?

I stress to clients that having a second photographer is less about "more images" and more about "capturing different angles", but generally I use all good images from my second photographers, which can range from 100-400 additional images depending on the wedding.

There is the option to exchange the second photographer in your package for two 16X24 Canvases.

Do you travel?

Anywhere and everywhere!

ADD A BOUDOIR SESSION

Give that extra special gift of a boudoir album to be given privately before the ceremony
