

## Security Assessment & Advisory Services

100% Remote Delivery

Most small businesses can't afford an IT department — but every small business deserves expert-level security guidance. Our remote assessment and audit services give you clarity, confidence, and a clear path forward. No jargon. No surprises.

### Security Risk

Assessment

Understand your vulnerabilities before attackers do. We assess your current security posture and deliver a prioritized action plan.

#### WHAT'S INCLUDED

- ✓ Intake questionnaire & scoping call
- ✓ Review of tools, access & practices
- ✓ Threat & vulnerability identification
- ✓ Risk scoring & prioritized findings
- ✓ Executive summary + full report
- ✓ 30-min debrief call
- ✓ 90-day remediation roadmap

### Compliance Audit

NIST CSF · ISO 27001 · SOC 2

Meet your compliance obligations with confidence. We assess your controls against your required framework and identify every gap.

#### WHAT'S INCLUDED

- ✓ Framework scoping & mapping
- ✓ Control gap analysis
- ✓ Documentation & policy review
- ✓ Evidence collection guidance
- ✓ Compliance gap report per control
- ✓ Remediation priority list
- ✓ 45-min debrief call with Q&A

### Security Policy

Review

Outdated or missing policies are a liability. We review, annotate, and strengthen your security policies — or build them from scratch.

#### WHAT'S INCLUDED

- ✓ Review of up to 10 policy docs
- ✓ Gap analysis vs. best practices
- ✓ Plain-English rewrite recommendations
- ✓ Coverage: access, BYOD, remote work
- ✓ Annotated feedback report
- ✓ Missing policy templates included
- ✓ 30-min debrief & Q&A call
