Organization	Age	Description
Agape Youth and Family Center	Teen	Being an Agape volunteer is an opportunity to have a lasting positive effect on an Agape student. It is an experience where one can expose that boy or girl to opportunities beyond Bolton Road and the West Atlanta community and make a difference in how he or she views their place in the world.
Pajama Program	18+	Promotes equitable access to healthy sleep so all children can thrive. We provide new pajamas and storybooks, sleep health education, and caring connections to ensure that children facing adversities—including low family income, housing insecurity, and family instability—have the tools they need for better bedtimes.
La Amistad	18+	Working to empower Latino students and families to achieve their dreams. We utilize a holistic programming structure that includes after-school tutoring, parent education, English language courses, and educational summer enrichment programs.
SMOA	13+	Scientific Minds of America (SMOA) works to reduce socioeconomic inequity through tutoring services and youth-run sessions for children of all ages, across the world.
