Integrator / Elevator Pitch

Integrator offers IT services to support B2B, B2E, and B2G customer segments. We develop and invest in new technological solutions from ideation to commercialization-ready projects. Our goal is to facilitate and organise the 360 degrees digital transformation of companies and government institutions towards zero emissions. Integrator develops customized recommendation for all different type of clients. These activities are crucial to us. We are seeking new projects with founders, developers who require comprehensive support, not only in terms of capital but also in marketing, commercialisation, and technical and production development. We invite you to join us in the sustainable development of investors, clients, and funders. Do not wait and hesitate, places are limited.

Regards
Integrator
