Amazing cake and amazing service
Michelle's cakes were amazing. From start to finish she made the process so easy and made the cake exactly to our preferences. It looked beautiful on the day and tasted wonderful! We went with salted caramel, chocolate and lemon all of which were delicious! Would highly recommend to anyone looking for a cake for any occasion!

Michelle is super talented. From the moment we met Michelle, she instantly understood what we were trying to achieve with our cake and helped us bring the overall vision to life. Michelle was always friendly and approachable and would listen, it was always a total pleasure to be working with her. Not only was the cake visionary, the taste was exceptional; many of our guests went out of their way to say it's the best cake they've had in years. The taste was phenomenal. Thanks Michelle!!

Fantastic Cake and Service! Michelle was fantastic throughout the process, helping us design a wedding cake that had guests asking for extra slices and business cards! She was very accommodating with some allergies of guests, made beautiful sugar sunflowers and adorable sugar figure of our cat. Michelle was delightful to speak to in every interaction and her expertise and professionalism shone through. Could not recommend her enough!

Our stunning wedding cake! We met Michelle at a local wedding fair and were immediately impressed by her friendliness and the beautiful selection of cakes. She was easy to communicate with throughout and answered any questions very promptly. She kept us updated as we got closer to the day and delivered our cake to the venue on the morning of our wedding. Our cake was simply stunning, both in how it looked and how it tasted. It made for an impressive focal point in our venue and also made for some great photos. Our guests were all very complimentary, thank you so much Michelle for being a part of our special day!

Perfect Wedding Cake - We could not have been happier with our wedding cake. It was absolutely stunning and looked even more beautiful than we had imagined. Michelle did handmade sugar flowers which were incredible! We had 3 tiers, chocolate, lemon and chocolate hazelnut and even a month after the wedding our guests are still talking about how good the cake was. Michelle was absolutely amazing from start to finish and I would recommend her 100%

From our very first meeting, Michelle was warm, welcoming and incredibly passionate about what she does. The beautiful cakes she had on display immediately stood out from the rest, and the attention to detail was incredible. We tasted the selection she had brought along and knew straight away that we wanted Michelle to make our wedding cake. We later received a taster box to choose our flavours, and every single one was absolutely delicious. Our only problem was trying to decide between them all! Michelle was fantastic throughout the whole process — always prompt with her replies, so helpful and nothing was ever too much trouble. We even made a last-minute request to add an extra layer of cake to have out the back in case we ran out, and Michelle happily arranged this for us. As it turned out, we needn't have worried, but it meant we got to take the extra cake home and enjoy it after the wedding! And the cake itself... absolutely beautiful and everything we had hoped for and more. Our guests' comments during and after the wedding have been so complimentary, with so many people telling us how delicious and stunning it was. We are so incredibly glad we found and booked Michelle at A Little Bit Naughty. She was an absolute pleasure to work with, and we couldn't recommend her highly enough. Thank you so much, Michelle, for helping make our wedding day even more special!

Michelle - A Little Bit Naughty Cakes 🌸

Thank You so much Michelle for creating our dream wedding cake - a few weeks later and I still can't believe how beautiful it was!

Having scoured Pinterest during our wedding planning, I had seen many beautiful cakes, and with our wedding having a cherry blossom theme I had my heart set on a lovely cherry blossom design. I had also seen some gorgeous 'Totoro' bride and groom wedding toppers - I am a big Studio Ghibli fan, and loved the idea of incorporating these into our cake!

Michelle was lovely from the first time we spoke, and we had so much fun sitting with her and talking through our design ideas (and her lovely hubby was even kind enough to bring out some Freixenet!). Michelle made all our dreams come true with a stunning two-tier cake decorated with beautiful cherry blossoms and topped with the gorgeous Bride and Groom Totoro figures (so cute!!!) standing on a bridge (like we were for our wedding photos!). Michelle even went the extra mile by providing a lovely cake description of the flavour and design process, and decorating the additional tray-bake cake we had ordered 🌸 plus we cannot count how many compliments we received on the cake and the taste 💕
Thank You so much again Michelle! ❤️

Fantastical Fantasy Cake

Michelle is a wonderful and professional cake maker. The wedding cakes she can make are so stunning from traditional to something truly personal. She can make a cake fit the client to make something truly personal and custom like the dragon cake we requested for our wedding. We highly recommend looking through the portfolio.

The service is great and keeping in communication with her has been great. She can also cater to special dietary needs as we received 6 special vegan cupcakes to accompany the cake for some of our guests. The cake was absolutely delicious, probably the best I have ever tasted.

Hi Michelle

I have voted (which was super easy!) and tried to do a glowing review on Hitched but came unstuck a bit at the end when it kept asking me to share the review with Google or Facebook. I couldn't seem to get past that bit so I'm really not sure I succeeded. I didn't seem to get to the point where my review was accepted and couldn't find it on Facebook either. So many people said how delicious the cake was!!! I have frozen loads of it so we may have to have a second tea party in a month or so!!!

Thanks again for all you help

Galina and Barnaby LOVED tha cake (but Galina said she knew you'd do an amazing job)!!

She had damp eyes when she saw little Keks, really surprised and touched....so grateful to you Michelle!!

Did your cakes satisfy the picky Russians? Yes!!! Lots of fulsome compliments.

I had done little boxes, with Galina and Barnaby wedding stickers on, and people took home too.

Thanks from bottom of my heart...

Carol
