

ABA Insurance Services, a member of Great American Insurance Group, is a long-term, reliable and stable source of insurance for financial institutions. This unique program has been committed to serving and supporting the banking industry by providing quality insurance and excellent customer service for over 35 years.

Supporting the Banking Industry

- The program is co-endorsed by the American Bankers Association and 34 state bankers associations, including Nevada Bankers Association.
- Over 1,600 financial institutions are insured on average countrywide, including trust companies and banks in organization. Nearly half of our insureds have been in the program for 10 or more years.
- This is the only insurance program in the marketplace that offers a distribution for both Professional Lines and P&C. The program's reinsurer, American Bankers Mutual Insurance, Ltd., has declared distributions to participating banks for 34 consecutive years, totaling over \$100 million. To date, \$760,000 of that has been shared with Nevada banks. In 2024, Nevada financial institutions collectively shared over \$4,200.
