

Died.

Gec. Keith died at the home of his son, Geo. Keith Jr., southeast of Lancaster Wednesday morning, Feb. 10, 1909, aged about 86 years. For some time Mr. Keith had been in rather poor health with something like heart trouble, however at this time his condition was considered no more serious than usual. Some member of the family heard a gurgling sound and going to Mr. Keith's bed found him in a dying condition. He only lived a few minutes after the family went to him. He leaves several children besides a number of grandchildren and a host of friends to mourn his loss.

The remains will be laid to rest in the German Lutheran cemetery today (Friday 12). The REPUBLICAN sympathizes with the bereaved relative.
