Marcel Clement - 24m   
My golf cart needed some maintenance  
last week. I contacted Gord Pellett at Kool  
Karts (519-860-2474) and he now has a  
very satisfied customer. Picked the cart  
up Sunday, dropped it off Thursday after  
fixing the brakes, brake pedal, bushings,  
new battery cables and headlights. And  
he CONFIRMED that I did not need new  
batteries. Impressed...give him a try and  
avoid the more established and  
expensive cart shop.
